Thread: [Voting: February 2015 \[Take 3\]](#)

D3xus - March 2, 2015, 4:43 pm

So after a logistical oversight and Omni performing some routine maintenance, we've got the voting again.

Credits to [iHydra](#) for making the official contest graphics!

Welcome to the Member of the Month voting thread for February 2015!

Member of the Month is a competition that awards one special member each month for their contributions throughout the community. Every member has the potential to win the award, but the final decision is made by the combined efforts of the user base and forum staff. To learn more about how the competition works, [click here](#)!

The finalists have been chosen! The Voting phase begins today and ends on Thursday, March 6th, 2015 at 7:30 PM EST!

This is your chance to determine who wins the award. You may only vote for one person per month, so make your vote count! Feel free to post in this thread noting your reason for your vote, but it's not necessary.

Please read [Member of the Month - Explained](#) for rules and regulations.

Vote in the poll for one of the following members:

[Crypto Miner](#)

[Cyph Jr](#)

[Orchid](#)

[Starstruck](#)

[Understalker](#) DISQUALIFIED

Roger Waters - March 2, 2015, 4:44 pm

I voted for Starstruck, he's been helping a ton of people out lately in the Rules, Announcements, News, and Feedback section when Mentors aren't online to assist them. He has also created a [highly detailed thread](#) for assisting others in the section which is a great reference for everyone to use and get familiar with.

?homas - March 2, 2015, 4:45 pm

That was quick, Very quick anyway Good luck for the MOTM

Spooky Skeleton - March 2, 2015, 4:45 pm

I voted for Understalker. Good luck to everyone!

Astute - March 2, 2015, 4:45 pm

I voted for Understalker, seeing as he's contributed a lot of HF over the years, and he's a great guy.

Understalker - March 2, 2015, 4:46 pm

May we all have a clean competition, survival of the fittest my great men.

Aceman - March 2, 2015, 4:50 pm

Voted for Crypto Miner, nobody else on the poll actually deserves it or contributes. Crypto Miner contributes constantly and was the lead developer of OmniCoin.

Gustav - March 2, 2015, 4:53 pm

I see Cyph over there winning by a landslide, racking up them votes.

D3xus - March 2, 2015, 5:02 pm

Votes continue to be underrepresented. If you cast a vote, it may not immediately reflect (or it may not reflect at all) in the bar graph.

Your votes are going through, but it isn't reflecting in the calculated "Total Votes" thing. I can still see who voted for what, so I will count the votes manually at the end of the competition.

TL;DR: If it doesn't look like your vote went through, it did.

?nxy - March 2, 2015, 5:04 pm

I voted for Starstruck because I enjoy irony. :p

When you think about it, there aren't many members that are worse. Scamming for \$3, having a retarded son, responsible for "Skill".

Let's be honest, Starstruck is the worst member on Hack Forums.

Laughing because I knew from the moment Understalker was nominated I was indeed toast.

D3xus - March 2, 2015, 5:32 pm

Understalker has been disqualified from the poll, and is banned from future iterations of the contest. I received sufficient evidence that indicates he was collaborating and asking for votes intentionally (he was going out of his way to ask for votes, and someone was not framing him or doing it on his behalf).

Roger Waters - March 2, 2015, 5:45 pm

Contributions for this month should be listed for each member like Froggy used to. I looked at some of the "contributions" some members made and aren't really contributions yet they make the poll and people voted for them. Making a thread with a statement in two sentences isn't a contribution.

D3xus - March 2, 2015, 5:45 pm

If I post a screenshot of the conversations, people will think I faked it (even if they were real). You can fake a Gyazo/puush. To ensure validity, I'd have to add each and every person on Skype and copy the conversations so they know they were valid. That's not something I'm a fan of. If you trust me (and I hope people do) you can PM me for the relevant screenshots.

I know it's been a while since you've done this but I believe some people do look at them. That's how people can tell that a certain member has made a reasonable contribution or to see who made more contributions or better quality contributions.

From the official MOTM thread:

Quote:You are not allowed to ask other members to vote for you. Members in the poll are not allowed to link to the poll at all; this is seen as hinting at or asking for votes. Any such attempts will get you permanently blacklisted from entering the contest and temporarily banned from the forum.

The fact of the matter is that with a new thread everybody gets the chance to vote again, meaning they all had the chance to see that you had been added to the poll. Letting people know that you had been added wasn't necessary.

The thread was JUNKED, "the fact of the matter" is that how would anyone be aware that there was to be new competitors.

The thread was remade THREE times, this was the first time it has ever happened and I am to blame for D3xus mistakes, cute however it is fine.

I'm going to clarify a few things. Perhaps people (a.k.a. everyone from Echo) can stop ignoring facts and realize that no one is above the rules. You may think that there is some social hierarchy that

makes people of prestige immune to the rules, but that isn't the case. If you don't believe me, ask Codevade, Legitti, Anonymous, and Bellagio.

I was approached by a user who pasted conversations from a chat, showing Understalker linking to the MOTM thread in plain sight. He did not explicitly ask for votes, as many people believe. Members who post links to the poll that they are in are violating this very explicit and concise rule.

Quote: You are not allowed to ask other members to vote for you. Members in the poll are not allowed to link to the poll at all; this is seen as hinting at or asking for votes. Any such attempts will get you permanently blacklisted from entering the contest and temporarily banned from the forum.

This has been in place since August of last year. You can view the original thread [here](#). Now, I don't want to ban Understalker from the forums; I'm not even sure why that last bit is there. None of us want him to be banned. However, he violated the rule not once but twice. Understalker went out of his way to violate the aforementioned rule twice.

The Skype conversations, that people insist are fake, were pasted from a previously existing conversation. I received both a screenshot of the chats in the context of the chat, and the quoted chats themselves, in a Skype conversation of my own. Only then did I ban Understalker from the poll.

Can we all man the fuck up? We're arguing about a 24x24 icon, here. While some people strive for it, others are endangering the integrity (and status) of this contest. If you continue to cause drama and an uproar, we may not have it in the future. Don't ruin the fun for people who do happen to want it, please.

I'm dangerously close to closing this poll and throwing February 2015 in the garbage. Please don't make me do that. I don't want to. I want a winner. But if we can't play fair, then we won't play at all. It's very simple.

Do you need to be a high quality family man to run MOTM? If so D3xus fits that description. ?

Because you're easily fooled go off of invalid offsite proof.

Whatever floats your boat, this is bullshit.

Wait what happened to Abe? ?

Alright, changing my vote then.

Vinnie - March 2, 2015, 7:35 pm

Shut up shield you ape nobody cares.

You should of just added me dexus. This wouldn't of happened and I'd be in the lead by a few hundred votes.

Will probably get closed soon or re-opened.

Just a guess. ?

I'm pretty aggravated that the poll was remade twice, but ya gotta do what you gotta do.

Not surprised that Understalker was cheating. :P

I don't have any problems with him, but it's pretty typical of people that have a lot of money and lead a group to do it expecting a freebie.

My chances are pretty much fucked though lol, at least I get to be on the poll, good luck to the others.

Thornzzz - March 2, 2015, 8:42 pm

Voted for Cyph, I'm tired of seeing him complain about not winning.

Sir - March 2, 2015, 8:48 pm

Like I said, I'm just happy to be on the poll bud.

STR™ - March 2, 2015, 8:50 pm

Going to have to vote for Crypto Miner on this one. He's indirectly helped me immensely when it comes to crypto-currency.
