What is your favorite Hot Sauce? Or favorite spicy seasonings? I love to eat spicy food. I eat spicy food almost everyday. I am always trying new hot sauces and seasonings. So I am open to your suggestions.

Some of my favorite Hot Sauces are:

Buffalo Wild Wings Blazin' Buffalo Sauce

Sriracha

Death Sauce(only found at one store in Hell, Michigan)

Atomic Sauce for Quaker Stake and Lube in Pennsylvania

Some of my favorite seasonings are:

Trade East Cajun Seasoning

Mrs. Dash Extra Spicy

Red or Cayenne Pepper

I think it was called "Louisiana Hot Sauce" which is amazing for making your own sauce with, alone it's similar to tobasco but more flavourful. I can't really taste anything hot from anywhere since I'm used to having it so much so often but it has the same spice to tobasco.

I eat so much spicy food that it's like everything has to be spicy. My taste buds aren't wrecked though to the point of I can't distinguish taste. I can taste the different sauces/peppers. I am not too into tobasco but I will give the "Louisiana Hot Sauce a try.

Thanks ?

Sriracha is good. I think that Franks Extra Hot is way better than the regular. If you haven't tried it, you should check it out.

Any other suggestions or recommendations?

Something I recently found was this nacho cheese sauce made with Ghost Peppers. It is SUPER Spicy. If we have some of that I put it on almost everything! It is delicious.
