Realizm - March 3, 2015, 1:24 pm

Today is my good friend iHydra's birthday. He is a very depressed person and always has a horrible birthday. You guys should all help to make this birthday great by just sending him a quick Happy Birthday message!

I am not depressed, I'm just a lone wolf. ;) I won't reply to the PMs so thank you everyone. And screw you Realizm!

He is a very depressed man right now. I'm sure warming up to him and wishing him a happy birthday could help get you a spot in Titans.

Just sent a pm! Hope you have a good birthday!

Orchid - March 3, 2015, 1:50 pm

I remember when we talked and you asked me for emotional support.

I hope you are off the Latuda at least.

prada ? - March 3, 2015, 1:52 pm

I'm sorry you're going through a rough time right now, I've been there for you when I could but I could be there more. You definitely deserve my 100% support and devotion. Please don't hesitate to talk to me about something and hurting yourself again in any case is not alright.

Happy 15th birthday

OMG He is hinting to his own demise!

"Fatal" Gamers, fatal is a synonym for dead!
He is depressed therefor he may hurt and/or kill himself.

James we need to help him!

Everything will be alright in the end, just keep battling through the storm; I'm sure you can do it with the help of friends (I'm here if you need me.) ?

Nah but srsly happy birthday.

Happy birthday.

He is currently crying because he feels as if no one loves him. Will you make another birthday thread for him? He asked me to ask you to do so.
