This method is very simple with very few steps needed. Internet is needed for this and you can be any age. The purpose of this method will make you profit as you can sell each server for atleast 10\$ the servers lasting up to 1 year. 12 months (can be repeated) you will have free access to compute, storage, database, and application services. This method teaches you how to get good 20+ vps servers free repeatedly. With very little investment you can make alot from this method. I have gave out 3 vouch copies to HQ members who have vouched ?.

I have received this method and it is very simple! A lot of money to be made doing this method. I set it all up under 15 minutes & up and running already. I will come back with results of this in a few hours.

**NJKL** - March 3, 2015, 8:40 pm

I just sent you a PM about this. ?

Originality: 8.2/10

I never seen this method before.

Ease of use: 9/10

It's auto-pilot. You need to work 20-30 minutes and earnings will come.

Grammar: 9/10

It is fully understandable.

Overall: 9.4/10

This method will teach you an unique way to make cash. Really love this method.

Good luck with sells.

Do you still give vouch copy? I will post my honest review after I read it.

Sent you a copy, no more vouch copies as i said only 3 was gunna get given out and i have gave out 5.

**Freerunning** - March 4, 2015, 6:39 am

I received a vouch copy of this and currently reviewing it. I will post my review after few hours.

EDIT:

I checked the method and I found out that it was a autopilot method. I tried it and for 5 hours leaving the method I gained \$5. To maximize and to earn fast you need to invest although it is optional. I didn't invest anything. Vouch for OP Good job GLWS.

**eca1seniN** - March 4, 2015, 6:33 pm

Thanks for the vouches guys.

Contact me via skype or pm to purchase :)

**OICN** - March 4, 2015, 9:51 pm

Is the method blackhat? Or violate any TOS?

**OICN** - March 4, 2015, 9:56 pm

(Mar 4, 2015 10:53 PM)Nines1ace Wrote: [\[CITE\]](#) Nope.

Pm or add skype to purchase bro.?

Do after the 15 minutes of setup is that all the work you ever do? More work to keep it coming in? Can you upscale this? Does this have anything to do with sales or is there any requirements

(website, social media accounts, etc)? Thanks for your time

**eca1seniN** - March 5, 2015, 3:15 pm

I recommend looking over the reviews to get a insight.

The more effort put in the more cash you get out, investing init will provide a better outcome. Its autopilot and yes its a website.

**toddyuk** - March 11, 2015, 6:29 am

Originality (10/10)

It is an easy method that may or may not have been used before. I haven't come across it before so I will rate it a 10.

Potential (9/10)

This method could get you loads of VPS's and could even get your PP verified if you know how to carry out this method correctly. One thing I don't like about it is you have to have a CreditCard :/.

Grammar (10/10)

I did not come across one spelling mistake on what the owner sent me.  
So I will rate it 10 out of 10.

Layout (6/10)

The layout wasn't the best thing I have seen, I wouldn't call it a book as such haha.  
It is surprisingly short and takes around 20 seconds to read but after the 20 seconds you are ready to set it up and start receiving your VPS's!

Overall (9/10)

Overall the method is definitely worth around \$7 to people who need VPS's and this sure would be a good bargain for them, the only two things I dislike is the layout. And the fact you need a CreditCard :(.  
For that reason alone I am going to give it an 8 out of ten .

**Hash G.** - *March 11, 2015, 6:49 am*

The following post is my review. Please note that I am in no way affiliated with the user nor with his services.

The method : 8/10

It is a very easy method which I didn't see before. It took 5 minutes to set up, and you will have 20-30 VPS. It's repeatable as much as you want so you will have as many VPS as you want. Please note that you will need a Credit Card to make it work.

Grammar : 9.5/10

A few punctuation minor errors. Everything is readable.

Layout : 6/10

Very basic layout. Everything is here, with links.

Overall : 9/10

This method is definitely worth your money if you need a few VPS for personal use or even for selling it. If you make the right choices, you will earn money, and have VPS for your personal use. This method does not require any blackhat stuff or social related stuff. The only fact that can stop you from buying this method is that you need a credit card. This method has my vouch, even my grandpa can use it. I wish GLWS to the author.

**eca1seniN** - *March 11, 2015, 1:37 pm*

Thanks to both above for reviewing :)

**YoungSprayMR RTM** - *March 11, 2015, 1:57 pm*

Thanks man, any questions add my skype i can help.

**Auxil** - *March 11, 2015, 4:22 pm*

I have not seen the ebook, and never met the seller, but I have seen his posts to other members. He is a great guy, and definitely deserves more sales. I have talked to fellow members, and I hear nothing but positive reviews.  
Good luck with sales man!

**Miniature** - March 11, 2015, 4:40 pm

Wait, is this amazon AWS?  
If it isn't I'll probably purchase this method.

Looking at the details, is it amazon aws method?

For those who didn't know amazon aws, check this out

Free vps for 1 year, 1gb ram, 2.2ghz Xeon cpu.

Oh and btw, if you use entropay, it will most likely suspended within a few months.

IF this is the method it is PUBLIC

**eca1seniN** - March 13, 2015, 11:13 pm

Maybe scammed by a impersonator of me? I dont know... But ive never scammed this user nor do i know what hes talking about this "method". Very bizzare thing tbh he been trashing my thread a while by looking at his rep he doesnt seem to be HQ at all infact he is the scammer. Back to the subject, its not public, thanks.
