Depends, I will not help if you are going for incest. But be the best you can and senpai will be proud of you!

I would make this clarification more prominent by placing it in the OP

I personally won't help with it but other members might.

Big thank you to [?Bowman™](#) for letting me participate in this support thread, I would like to confirm that anyone may PM me or reply to this thread if they need help with anything that I am listed for.

Spoiler ([Click to View](#))A little about myself, I'm an 18 year old from Australia (19 on the 19th of March) who has been in several relationships (some abusive, some were just to use me etc) so I'd like to think I have my fair share of experience when it comes to women, my current relationship is going pretty smooth, it is a LDR and we have been together for 5 months on the 15th, [Pleasurable](#) is my girlfriend and has been my best friend for well over a year now and the relationship I have with her is honestly the best I've had in my life, we talk all of our problems out and we live pretty happily and we're quite in love so feel free to shoot me any questions about relationships whether it be LDR or whatever the case may be and I'll try my best to answer them.

At this current point of time I'm looking to go to University to get my degree to be either a Counsellor, Psychologist or a general mental health doctor which would be: Bachelor of Human Services (Counselling), Bachelor of Human Services (Child and Family), Bachelor of Health or Bachelor of Psychology (Honours) (Psychology) so I appreciate any and all problems people may approach me in regards to.

If anyone would like to know a bit more about me they can feel free to shoot me a PM and I'll answer all questions, I don't judge anyone and anything said to me in private will be kept between us.
