Jerv - March 4, 2015, 12:03 am

I'm not interested in your staffing experiences, please don't put it in your application or you will be perm denied.

Hello Hackforums, seeing I'm now a leader of Nightfall and the members have seem to have a high interest in Minecraft I've decided to pick it up and make it bigger amongst Nightfall. Nightfall are going to be making a server, do projects and have game nights for the specific game. I'm here recruiting members that excel in the area of minecraft servers, members that want to join in minecraft game nights and all round genuine game players.

Nightfall Minecraft Recruitment

We are a group pioneering a new medium in terms of activity and nothing but fun for the gaming community of Hack Forums.

How long have you been playing Minecraft?

Since Alpha 1.0

Do you excel in any areas that would benefit our upcoming server? If so what?

Interacting & playing well with members has always been my strong point.

Raiding & Having a great Faction or group or people to play with is always a great way to bring out the best in me.

Why do you deserve a spot in Nightfall?

I feel like this is a great opportunity for the group to get some fresh members in.

I don't have a bad name & I think it will be a great decision on your part!

Are you willing to participate in Game nights?

Of course!

Why should you be chosen over the other applications?

I have the experience & aura of a good guy. I am laid-back & love to have a great time.

Redwall - March 4, 2015, 12:13 am

Good luck to all applicants.

This is a very high quality group.

How long have you been playing Minecraft?

2 years, but have played it heavily in those 2 years.

Do you excel in any areas that would benefit our upcoming server?

If so what? I'm average at building, good at ideas and ways to bring in more players or to provide a more fun environment. I also have knowledge of lots of different and unique plugins that can give the server a more unique feel, and generally add more cool features.

Why do you deserve a spot in Nightfall?

I deserve a spot in Nightfall because i'm an active, fun member to talk to, I like meeting new people and gaming with them and generally having fun.

Are you willing to participate in Game nights?

Definitely, however I can't be on all day everyday, but any night i'm available i'd love to participate in game nights.

Why should you be chosen over the other applications?

I'm fun, always up for having a laugh no matter what mood i'm in, and there isn't anything better for me then hopping on a minecraft server and killing kids whilst talking to friends and messing around. I also think I am a genuine and nice person, good at listening to others and conveying sensible ideas or being mature if I have to.

Do you excel in any areas that would benefit our upcoming server? If so what? I've run multiple servers before, so setting it up would be easy for me. I'm a decent builder, and I'm an active player.

Why do you deserve a spot in Nightfall? I'm an active gamer that will stay active in both the sub-forum and on the MC server. I will also participate in game nights and what not.

Are you willing to participate in Game nights? Yes I will :)

Why should you be chosen over the other applications? I'm a really nice and fun person who likes to play video games such as Minecraft. I have games for all newer gaming platforms such as Xbox360, PS3, Wii, Xbox One, PS4, WiiU, and I am finishing up building my gaming computer soon. I am very big on video games and love to play with friends and talk about video games.

Sorry I'll reformat my app to look good. I'm on my phone right now.

Do you excel in any areas that would benefit our upcoming server? If so what?: I'm pretty good with plugins, not sure if that's relevant. I'm a good teamplayer and I'm an ok builder I guess.

Why do you deserve a spot in Nightfall? Over anyone else?: I don't really I guess. I'm not amazing at MC, nor do I have any unique skills really. I'm just your average player who is pretty good at

killing people. I'm just looking for a good group of people to play MC with, who I'd prefer weren't annoying as fuck.

Are you willing to participate in Game nights?: Fuck yeah I will.

Why should you be chosen over the other applications?: I guess because I'm looking for an actual community over wearing a userbar? :)

Do you excel in any areas that would benefit our upcoming server? If so what?

I try to know something about everything. But I'd say I am OK at building and I got the patience to do it.

Why do you deserve a spot in Nightfall?

Because I want to have fun and try to be High Quality user and get more experience on hackforums. I can provide with graphics and I play more games than just Minecraft.

Are you willing to participate in Game nights?

Yes, that would be no problem for me.

Why should you be chosen over the other applications?

I think I should be chosen because my experience in Minecraft and because I play a lot of games including minecraft and I could provide with free graphic design as I am looking to improve. Also I spend a lot of time in front of the PC and I be there for anyone that needs to talk or just wants to chat. I will be an active member.

How long have you been playing Minecraft? I've been playing Minecraft for about 5 or 6 years now.

Do you excel in any areas that would benefit our upcoming server? If so what? I know a lot about servers, management, setting them up, mostly everything you need to know to run one. I've been running servers for a few years.

Why do you deserve a spot in Nightfall? I feel that I deserve a position in Nightfall because others see me as a decently reputable member, the groups I have been in I've contributed a bit of time and effort to and as long as I'm in them I enjoy it.

Are you willing to participate in Game nights? Yes, of course

Why should you be chosen over the other applications? I probably have a bit more experience than many of the other people in the Minecraft field. I enjoy working with other people and I feel like I'd do well in a group like Nightfall.

WZDY - March 4, 2015, 10:24 am

This group seems very nice.

I am 100% sure that anyone who says he's playing since the first version is lying because that is pretty rare to see and some kids will do anything to get into groups.

Just watch out for the bullshitters but some may be telling the truth.
Good luck.

How long have you been playing Minecraft?: Early 2010

Do you excel in any areas that would benefit our upcoming server? If so what?: I know what a community of players would like based off my years of playing, I can assume that the server will be a player versus player oriented which is my kind of fun. I believe I could help, Organizing community votes, managing players, and just getting to the base need of the players. I look for what the players need.

Why do you deserve a spot in Nightfall?: Been gaming since I can ever remember, whether it be playing halo 2 with my friends on Sunday, or playing Runescape back in the good ol' days doing bounty hunter, I'm a fun energetic person who is looking for like-minded gamer's, I've heard that nightfall is not just some "HQ LEET GROUP" but the players and owners are treated with equal respect, and that is something I desire. Literally, I'm fun on a plate lol, I cannot exaggerate enough, I was in nightfall previously, it was very fun, and I've been an extremely active gamer for these past few months, and I'm looking to enjoy it with a few friends in nightfall!

Are you willing to participate in Game nights?: Sure, I'm usually online for about 8+ hours weekdays and 10+ hours weekends.

Why should you be chosen over the other applications?: Well, to be honest, it's subject to opinion, however in my own personal trial over my period of life, I'm literally just a damn gamer, you can put me in any category, and I play games, mentioned above, I'm not a doucher, I love having a good laugh with people and what I've heard it that Nightfall has it, I know you guy's keep it real over there and don't follow the stereotype of a typical group, but focus on fun and enjoying each others company. I strive for this type of genuine fun and not some run of the mill group. When I say this thread, I knew I had to just apply!

How long have you been playing Minecraft?:

I have been playing Minecraft for about 3 years now and love it.

Do you excel in any areas that would benefit our upcoming server?:

Yes I do. I excel in multiple areas in Minecraft servers including server management & having a good relationship with the players.

Why do you deserve a spot in Nightfall?:

I think I deserve to be in Nightfall because I'm an avid gamer & minecrafter. I've been playing Minecraft & games in general for many years & loved it the whole way through. Me, joining Nightfall will just enhance that experience

Are you willing to participate in Game nights?:

I'm willing to participate in Game nights. I'm free almost every day past 5:00 EST

Why should you be chosen over the other applications?:

I think I should be chosen over other applicants because I'm a hardcore gamer & love Vinnie, I mean who doesn't? I have potential that is just waiting to be released & joining Nightfall will aid me in just that.

How long have you been playing Minecraft?:

I started playing back in Alpha, mainly Singleplayer. Eventually, I realized what Multiplayer was about and began playing that!

Do you excel in any areas that would benefit our upcoming server? If so what?:

Well, I sadly do NOT code Java, but I do have a lot of experience with configuring any plugin you can name. I've ran multiple servers, and I currently have one in beta. I can also be mature enough to control other players!

Why do you deserve a spot in Nightfall?:

Well, I recently got into my first group, The Brotherhood. I've been aiming for groups for a while now, and hope I can get into Nightfall. It seems like a great group, and it really highs my interest that you guys are interested in Minecraft! I can help out with the server, and besides that I could be on a lot. I'm on the computer from the time that I get home from school until like, 11 PM considering it's winter time and my basketball seasons over, I have legitimately nothing to do.

Are you willing to participate in Game nights?:
I would love too! Sounds like an awesome experience.

Why should you be chosen over the other applications?:
Well, considering my activity and experience, I feel as if I am the man for the job. Sure, others may code Java or other things that the server could benefit from, but does that mean that they're dedicated? Probably not. I'm willing to spend a lot of time playing with you guys and working with the server, and really hope I get a chance.

How long have you been playing Minecraft:
I've been playing off and on for a couple of years (1.7.3 beta)
Do you excel in any areas that would benefit our upcoming server? If so what:
I'm a very good builder if I'm given instructions on what to build, and I also ran a small server a couple months ago so i know a little bit about how groups/plugins work so i could help fix those up, and I'm also a very creative person and would love to help with thinking of ideas for mini games for game night, and helping build the mini games! I'm a very active user as well as being easily reachable, I'm on from about 4:30-11:00 Eastern Standard Time, just depending on my schedule that day and the next.

Why do you deserve a spot in Nightfall:
I'm a very fun and active member that loves helping others, meeting new people, and I'm looking for a group of people such as Nightfall that are really friendly and love having fun as much as I do! Minecraft is probably my favorite game to play besides Counter Strike, and joining Nightfall would just make that experience much better because i would have a vast amount of people to play and enjoy the game with. I'm also on very often and can be online or contacted at unusual times, that many other users would not be able to be due to work. Games have been a big part of my life, including helping me out of depression when my parents got divorced when I was at a young age, and it continues to be my stress reliever during very hard times in my life, including right now due to a very close person to me, my grandfather passing away due to cancer, and I'm almost positive that i can find members in Nightfall that have many of the same interests as me and can help me just forget about everything going on in my life and everything around me just for a little bit, Simply by having a good time playing games for a couple of hours with friends.

Are you willing to participate in Game nights?:
Yes I will most definitely participate in every game night unless I'm really busy with schoolwork that night.

Why should you be chosen over the other applications?:
I have a great sense of humor and I'm not easily offended, and in my opinion I'm a very fun and friendly guy that loves helping others in any way that i can. I also love working with/playing games with others and I think I'd fit right into Nightfall. I'm also a very dedicated person, That means that If i

decide I want to take part in something, I'm not going to do a half ass job at it, I do it correctly and put my 100% into it to try and create the best possible outcome of the task that I'm doing no matter what kind of work and time I have to put into it and I don't give up on it, and Nightfall happens to be one of those things that I'm really interested in and would be very dedicated to. I'm also very genuinely interested in the group and the great friends it can possibly bring me. Overall being in Nightfall sounds like it would create an amazing time for me that I would very much love to experience.

I'd like to thank you for taking the time to read and consider my application, and creating the chance for me to join, and hopefully can conclude that I would be a good addition to the community of Nightfall. Either way, I hope that Nightfall continues very successfully as it has been, and good luck to everyone in it.

How long have you been playing Minecraft?

Early Alpha

[img]http://s27.postimg.org/crrbohbs3/bar.png[/img]

Do you excel in any areas that would benefit our upcoming server? If so what?

Building - I have a vastly creative imagination, I love immersing myself in games and putting myself in the role of a character. In Minecraft I love sculpting worlds and planning buildings down to pinpoint accuracy. From Medieval Village to Nuclear Vault, I have built a vast array of projects, all with extreme attention to detail and passion.

Designing ideas - I have a creative mind and i enjoy coming up with new efficient and innovative solutions to problems. I love nothing more than thinking up a great idea and implementing it and watching the success it brings

Effective Communicator - I am easily contactable and always respond on time, I am pretty talkative and I am a good team worker. I am not afraid to voice my opinion and I relish in the opportunity to take part in debates. I am not easily offended either

Dedicated Member - I am online almost every day and try to contribute in whatever way I can to the site and for the members. I post wherever I feel I can help, regardless of who is posting. I will help anyone in whatever way I can

Motivated at tasks - I thoroughly enjoy challenges and events and try to complete them to the best of my ability. I do not care how hard/small/easy/large a task is, I will give it my all and my best to ensure the best outcome at the end

Try to be as HQ as possible - I have very good grammar and my posts are of HQ. I never spam or post insults or low quality things to other members. I post in a structured and precise manner. I try to eliminate as many mistakes as I can from my writing.

Strive to be a helpful and polite member - I have no negative reputation, no scam reports and have never had a problem with anyone on site. I always try to resolve issues with other people without causing a further argument or causing the situation to go out of control

Good Team Player - I love working in teams and completing tasks as part of a team. I love being part of a team as it fuels my passion and drive for success and I enjoy motivating my team members to execute at the best of their ability

Active User - Online from 11am - 3am most days. Whilst my activity has dipped recently I still lurk on the forums and I feel a group will be a great opportunity to get back into the community and meet some new people.

Thirst for knowledge, always looking to learn new things - I am not afraid to try new things. I don't care what it is, I will give it a shot to the best of my ability and provide 110% of my willpower and knowledge to it

I never give up, I strive to find the easiest and most effective solutions - I won't simply give up on a project or task because it is too hard. I will find appropriate and effective solutions to the task at hand and will never leave it unfinished

I am friendly and easy to talk to - I enjoy meeting new people, my diverse cultural background of living in New Zealand, America, Hong Kong and more has provided me with unique social skills that I like to bring out to meet new people

Why do you deserve a spot in Nightfall?

Let me give you a little background on myself. My name is DJ, I was born in Ireland but I have lived on almost every continent in the world. I have had a difficult life so far, I never seem to stay at one school for more than 2 years. It is painful having to leave my friends, that I worked so hard to make, behind. Never to be seen again. I struggle with depression a lot, something that has subsided in the last few months. I miss my friends but there is nothing I can change. Things happen for a reason, I am destined to do something great in this life.

I may not be the coolest kid around, the most popular, the best looking or even the smartest. I am however, extremely dedicated in all that I do and I try my best to gain respect from my peers. I have been the subject of bullying before but with moving schools so much this hasn't been much of an issue. I do not care who you are, your background or your religion, if you are a respectable and genuine person I will always be willing to help you out, no matter what.

To you, I may just be another random applicant, but in my heart I know I have more to give to this site. I am vocal about my opinions, I do not get offended easily, I brush it off because life is to let anything get to you. I just can't wait to see what is in store for me this year. I can sense big things, if I am accepted to join Nightfall, I will be overjoyed and ecstatic but if I am not, I won't stop doing my damn best on here to prove to everyone I am a good person and a good friend.

I have been on this site nearly 4 years and I have always observed group members to try and get a sense of who really is the best. I was a previous member of both Legacy and Empire, and now Fortune and Void, all of which I enjoyed and relished thoroughly, participating as much as I could and just having an all round great time with the other members. Nightfall is the group that I truly believe is part of the top groups on HackForums. Your members are respectful and friendly in all they do. I would relish in the opportunity to be a part of this family. I say the word family because, unlike other groups, I can tell there are fantastic relationships between members here and I would love to be a part of it.

[img]http://s27.postimg.org/crrbohbs3/bar.png[/img]

Are you willing to participate in Game nights?

Yes.

[img]http://s27.postimg.org/crrbohbs3/bar.png[/img]

Why should you be chosen over the other applications?

I have been on Internet forums for over 6 years and know them inside and out. I love working hard on these forums and becoming respected in their communities. I have become staff on some of these forums and this has helped develop me as a person and a leader. I enjoy graphics in my spare time, though I am not the best I do it for fun. I enjoy participating in events, I'd love to arrange some competitions and events for this group if necessary. I'm an avid gamer and social networker. I love innovation and new technology, it appeals to my creative side. Though I am not the most talented artist or coder, I believe I can benefit this group and be a useful asset.

I am an innovative and open-minded person. I thoroughly enjoy drawing, html coding and photoshopping images. I consider it a hobby and I am always up for a challenge. I am a respectful person who follows instructions to the best of my ability. I am ready to explore, in-depth, the world of this group and all it has to offer.

I will be on call for any projects and any necessary jobs that need taken care of. I will challenge myself to help in whatever way possible regardless of the obstacles or challenges it presents.

I love being able to help and solve things for people to make them feel cared for and satisfied. I enjoy challenging myself to reach goals that I set for myself and love reaching these goals and sometimes exceeding them. Too be able to finish something I set myself and say "I did that" really is a great feeling.

Minecraft is one of my favourite games, I once managed a successful YouTube channel a few years ago related to it. It was the first game that really opened my eyes to creative expression in video gaming. It allowed me to expand my creative vision and artistic output onto a virtual scale that I could share with friends and strangers a like.

I could ramble on about how I am unique and things like that but the short and simple of it is, I am not afraid to experiment and try different areas to improve my skill sets. I am willing to commit whatever it takes to help Nightfall here on HF so that they can continue to be the best group possible with the highest standards and respect.

How long have you been playing Minecraft?

Early Alpha

[img]http://s27.postimg.org/crrbohbs3/bar.png[/img]

Do you excel in any areas that would benefit our upcoming server? If so what?

Building - I have a vastly creative imagination, I love immersing myself in games and putting myself in the role of a character. In Minecraft I love sculpting worlds and planning buildings down to pinpoint accuracy. From Medieval Village to Nuclear Vault, I have built a vast array of projects, all with extreme attention to detail and passion.

Designing ideas - I have a creative mind and i enjoy coming up with new efficient and innovative solutions to problems. I love nothing more than thinking up a great idea and implementing it and

watching the success it brings

Effective Communicator - I am easily contactable and always respond on time, I am pretty talkative and I am a good team worker. I am not afraid to voice my opinion and I relish in the opportunity to take part in debates. I am not easily offended either

Dedicated Member - I am online almost every day and try to contribute in whatever way I can to the site and for the members. I post wherever I feel I can help, regardless of who is posting. I will help anyone in whatever way I can

Motivated at tasks - I thoroughly enjoy challenges and events and try to complete them to the best of my ability. I do not care how hard/small/easy/large a task is, I will give it my all and my best to ensure the best outcome at the end

Try to be as HQ as possible - I have very good grammar and my posts are of HQ. I never spam or post insults or low quality things to other members. I post in a structured and precise manner. I try to eliminate as many mistakes as I can from my writing.

Strive to be a helpful and polite member - I have no negative reputation, no scam reports and have never had a problem with anyone on site. I always try to resolve issues with other people without causing a further argument or causing the situation to go out of control

Good Team Player - I love working in teams and completing tasks as part of a team. I love being part of a team as it fuels my passion and drive for success and I enjoy motivating my team members to execute at the best of their ability

Active User - Online from 11am - 3am most days. Whilst my activity has dipped recently I still lurk on the forums and I feel a group will be a great opportunity to get back into the community and meet some new people.

Thirst for knowledge, always looking to learn new things - I am not afraid to try new things. I don't care what it is, I will give it a shot to the best of my ability and provide 110% of my willpower and knowledge to it

I never give up, I strive to find the easiest and most effective solutions - I won't simply give up on a project or task because it is too hard. I will find appropriate and effective solutions to the task at hand and will never leave it unfinished

I am friendly and easy to talk to - I enjoy meeting new people, my diverse cultural background of living in New Zealand, America, Hong Kong and more has provided me with unique social skills that I like to bring out to meet new people

How long have you been playing Minecraft?: For about two years

Do you excel in any areas that would benefit our upcoming server? If so what?: I have ideas but nothing I would discuss publicly.

Why do you deserve a spot in Nightfall?: Because I am active and this rec will push me to get back into the game

Are you willing to participate in Game nights?: yes

Why should you be chosen over the other applications?:

I have keen perseverance that helps me achieve any goal I set my mind to. I am a determined guy.

How long have you been playing Minecraft?

Ive been playing Minecraft off and on since the end of alpha, I play for several months at a time when I find a server I like but usually end up quitting when it dies. I haven't played for about 5 months but I can easily catch up and learn the new stuff.

Do you excel in any areas that would benefit our upcoming server? If so what?

I'm pretty good at redstone and I can help with ideas, I am not the best builder for making things look good.

Why do you deserve a spot in Nightfall?

I was in Nightfall before but was kicked because I guess I wasn't active enough. I think I deserve a spot because I can be very active if its a topic I know a lot about and the server stays active.

Are you willing to participate in Game nights?

Yes, I participated in twitch trolling night and it was awesome!

Why should you be chosen over the other applications?

Because I have been playing minecraft for a long time and I can be very active to help populate the server and benefit the server with ideas since I have been on many.

Do you excel in any areas that would benefit our upcoming server? If so what? I am a leader when playing with users and talking in skype, oovoo. I play all the time 5-8 hours a day, depending if I have a server to play on.

Why do you deserve a spot in Nightfall?: I love playing minecraft and would love to play with users of Nightfall!

Are you willing to participate in Game nights? Yes

Why should you be chosen over the other applications? Soley because a am BOW man.

Do you excel in any areas that would benefit our upcoming server? If so what? I own my own server with tons of players. Also, I am very good at the game, I am very competitive on it as well. I know my way around the game :P

Why do you deserve a spot in Nightfall? I am always online, I am very helpful, and very social. I think that is a good enough reason.

Are you willing to participate in Game nights? Yes, aslong as it isn't bad MC game modes.

Why should you be chosen over the other applications? Hashone

How long have you been playing Minecraft?: I've been playing Minecraft since 1.7.3 in the beta stage.

Do you excel in any areas that would benefit our upcoming server? If so what?: I have lots of knowledge with plugins, meaning that I would be able to help out any members who have problems with these fields. I also and a generally liked/friendly person in these mc communities.

Why do you deserve a spot in Nightfall?: I'm willing to be active everyday, helping out anyone who has questions as well as participating in anything that arises within the group.

Are you willing to participate in Game nights?: Yes.

Why should you be chosen over the other applications?: As I stated above, I'm friendly, have knowledge with anything inside of minecraft, almost never in a bad mood (its pretty hard to make me mad.), and have had tons of experience within the minecraft field.

How long have you been playing Minecraft? Since before fishpoles were added to the game

Do you excel in any areas that would benefit our upcoming server? If so what? Iv been staff on countless amount of servers plus iv also ran multiple succesful servers over the past couple of years making more than \$5k, I know how to properly run servers, plugins, deal with players, etc. Im also a talented builder, I sell minecraft spawns for a hobby, mostly faction spawns if your interested.

www.planetminecraft.com/member/delgado_804/

Iv also boosted some of the top servers on planetminecraft to the top list.

Why do you deserve a spot in Nightfall? Because Im probably one of the most experienced minecrafters on hackforums, Iv been playing this game for years, I can develop plugins for free if needed

Are you willing to participate in Game nights? Even if I don't get accepted I would really love play with everyone whenever you have game nights

Why should you be chosen over the other applications?

Beuase I can offer my minecraft services like building spawns, boosting servers to the top on minecraft server list, develop and setup plugins for free. I know a lot of big youtubers who would be willing to make videos on your servers.

How long have you been playing Minecraft?

For around 3 years. Since Minecraft came out on Xbox and such.

Do you excel in any areas that would benefit our upcoming server? If so what?

Yes, I do. Building. I am not here to be like oh my god, he is a fucking boss and brag about myself but I have built multiple maps and helped in many SG maps. I am a pretty good builder and I have built spawns for Bandors etc. I would show proof but I reset my PC and have no more screenshots. If you want, challenge me on a server to build something and I can bet you, you will be very pleased!

Why do you deserve a spot in Nightfall?

Nightfall is a very High Quality group and I would love to join it not just for the Userbar like many others, but because I love the members in it and have never had bad interactions with anyone in here as well! I would help out a ton and save loads of money as well for the Nightfall server by building anything from a spawn to a whole city! I am very active and always am in calls, chats, and game days etc! I also deserve a spot because unlike most people, just join the group and use the userbar like I said before, I would be very active. I also would love to be in Nightfall not just for MineCraft but other reasons. Like helping others, they help me, and just mainly have a few more friends here on HF!

Are you willing to participate in Game nights?

Of course!

Why should you be chosen over the other applications?

I feel as if this is a bit same to the "Why do you deserve a spot in Nightfall?" question, so half of my answer goes to that. However, if this was a group application for hacking this answer would be entirely different. But this is gaming, so I can provide many things like building, basic plugin help, redstone and any of the other MineCraft related things to help save a lot of money and make a new friend if you say so?

oh, i could provide logos/gfx for the forum and all :p

How long have you been playing Minecraft?: I have been playing Minecraft as far back as I can remember. I believe I started playing back in Alpha and have had lots of experience with hosting/owning a minecraft server. I'm familiar with Factions.

Do you excel in any areas that would benefit our upcoming server? If so what?: I can excel in anything really. Advertising is a strong component as I know a method of getting active mc players. I've been a developer for many servers so I'm familiar with plugins etc.

Why do you deserve a spot in Nightfall?: Although, I'm a normal member that joined this month I believe I can bring a lot to Nightfall such as my activity. I'm on everyday as Long as i Can and usually have fun talking to other member.. I'm very friendly as well.

Are you willing to participate in Game nights?: Yes, any day of the week at any time.

Why should you be chosen over the other applications? Because I have potential to be a very HQ member. I'm nice and get a long with people and this is my chance to find new people and share interests with them!

I know I'm a regular member that joined this month I feel that I should have a chance just like any upgraded user here. I'm knowledgeable in all components in Minecraft. Thank you for reading my application and have a wonderful day!

I've been playing for about 2 years now. I love all the different type of game modes factions, creative, survival, mods...etc.

Do you excel in any areas that would benefit our upcoming server? If so what?

Being with other people. Interacting with others I will try to be on the server as much as I can and make the experience for everyone better.

Why do you deserve a spot in Nightfall?

I think I deserve a spot in nightfall because I am a cool guy. I will always look out for others. I feel like I am considered a good member here on the forums and want to be in this group

Are you willing to participate in Game nights?

As long as it does not interfere with my work or school scheduled I will be honored.

Why should you be chosen over the other applications?

I'm A cool laid back guy. Fun to be around and love playing games. I want to try to contribute as much as I can.

How long have you been playing Minecraft?: Around 4-5 Years

Do you excel in any areas that would benefit our upcoming server? If so what?:

I'm a great builder and worker for servers. I can help build anything that is needed and I can also help new members get started.

Why do you deserve a spot in Nightfall?:

I am an active HF user as well as MineCrafter. I'm easy to get along with and I very outgoing. I love meeting new people and making new friends. I can help others in the group with any problems they have.

Are you willing to participate in Game nights?: 100% for sure. I love Game Nights.

Why should you be chosen over the other applications?

I'm a very active member and a helper.

I can help anyone with anything in the group.

I'm an active minecraft player and I can bring help to the server as well.

I'm easy to get along with so I won't cause any problem within the group.

Since November 2009 Roughly.

Do you excel in any areas that would benefit our upcoming server? If so what?:
Ranks, Exploiting, Bug Fixing, Permissions and Hosting

Why do you deserve a spot in Nightfall?:
I can help provide the group with VPN's with servers premade on them.

Are you willing to participate in Game nights?:
I would love to. I work on the weekends but will still be willing to do all night sessions and during the week.

Why should you be chosen over the other applications?:
I think I should be chosen over other applicants because I'm a loyal person and I don't want to just join every HF group and lie to get in just for a userbar. I want to join this group because I actually play Minecraft everyday. I play servers where I have donated hundreds of pounds because I got "addicted" to them for a while but then found new servers but still play these ones. I also think I should be chosen because I can help bring new things to the group and would be a great help if the group decides to setup a server.

Thank you for reading!

How long have you been playing Minecraft? Pfft can't even remember. Easily 3+ years

Do you excel in any areas that would benefit our upcoming server? If so what?
Hah, I could probably help you guys. Not probably, I could. I've owned multiple servers and done many large projects for clients that I can disclose if you ask. I have plenty of experience with plugins and running a server by myself. If you ever need help, I could easily do it.

Why do you deserve a spot in Nightfall?
I think I'd benefit the group with my knowledge and overall chillness. Definitely would be fun to get in on a game night or something :)

Are you willing to participate in Game nights?
Yes, sounds like a lot of fun actually.

Why should you be chosen over the other applications?

- 1) More experience
- 2) More fun
- 3) More funny
- 4) More online time
- 5) More epic

6) Love vinnie more

Why do you deserve a spot in Nightfall? I'm a diehard gamer that wants to have fun, show others what I do, teach and learn from everything. I play most games, although mainly Minecraft, obviously why I'm applying here. Minecraft is a beautiful game, along with many of the members currently in Nightfall and more to come. I'd like to be a part of what I believe is the most useful group here on HF to this day, from past groups I've heard of to future groups that don't yet exist. Are you willing to participate in Game nights? Hell yes I am, if I have it I'll play, if I don't have it, I'll get it. I'm down to laugh and have fun and yell a little bit while at it too. I have fun playing anything with people I like and know, and will be a general great guy to keep around. When I'm there, you won't be able to breathe you're laughing so hard. Why should you be chosen over the other applications? I'm not special. I know I'm just as average as everyone here. But the difference between me and other people is others care for the userbar. I could give less of a shit about the Nightfall userbar, but it is very pretty. I want in because I love gaming. Join my server for a live application. 198.20.68.50

How long have you been playing Minecraft?

I bought it once when I discovered the amazingness of FTB.

FTB has really been the only thing why I bought Minecraft in the first place.

Do you excel in any areas that would benefit our upcoming server? If so what?

I wouldn't call myself an artist but I do know a bit of this and that of designing in Minecraft.

This is where FTB(decorative mods) come in for me the best.

Sadly lately my client has been crashing constantly so I don't have any practice as of late.

Why do you deserve a spot in Nightfall?

Im not one to judge early.

Although I have to say out of several run-ins with other people I met on HF I can be a bit annoying from time to time.

Of course if you say that I am being annoying and have to stop I will.

Are you willing to participate in Game nights?

Hell yes!

Cant say I would be able to join in voice talks since I do live together with other people.

Why should you be chosen over the other applications?

I'm not looking for that user bar I'm looking for people to play games with.

Be it Minecraft or any other online multiplayer games playing with others will always be more fun than on your own.

Also good luck to other applicants!

Do you excel in any areas that would benefit our upcoming server? If so what?: I am a very active member and would always be available to play with other players so players aren't just by themselves. I can also solve questions for players. I am also a massive player on Minetime and Mineplex and I am very good with rules and a MC server would be amazing.

Why do you deserve a spot in Nightfall?: I think I deserve a spot in nightfall, as I've tried my hardest to be HQ on hackforums and I love gaming.

Are you willing to participate in Game nights?: Yes of course. ? (although I may not be able to go on mic. My mics currently broken and I don't know when I will get a new one :))

Why should you be chosen over the other applications?: I think I should be chosen over other applications as I have access to Xbox 360/One so I can play multiple games.

How long have you been playing Minecraft?

Over 6 Years

Do you excel in any areas that would benefit our upcoming server? If so what?

I am a great builder and have lots of experience with servers. I have owned a couple servers and I

know what I'm doing when it comes to running Minecraft Servers. I have been playing Minecraft For over 6 Years so I know my way around pretty much everything.

Why do you deserve a spot in Nightfall?

I deserve a spot because I am a really nice guy who knows a ton about Minecraft and I am here to help everyone in the group. I would love to help out with the upcoming server and I could also advertise it on my Youtube channel. I have a Youtube channel with over 4k subscribers where I upload a decent amount of Minecraft. I can promote the server in my videos to help grow the server. As I stated before, I know a ton about Minecraft because I have been playing for over 6 years! I can help many people and make Nightfall a better place. I know I am not upgraded but I am very HQ and I love Minecraft!

Are you willing to participate in Game nights?

Yes, I would love to participate in Game Nights!

Why should you be chosen over the other applications?

I should be chosen over the other applications because I am a really nice guy with lots of Minecraft experience and I think I would be a great contribution to Nightfall and make it a better place.

How long have you been playing Minecraft?:

Almost 4 years.

Do you excel in any areas that would benefit our upcoming server? If so what?:

I have a knowledgeable background with the running servers;

I understand how they work and would defiantly be able to contribute with ideas and suggestions toward the server.

Why do you deserve a spot in Nightfall?:

I deserve a spot in Nightfall as I feel that I'd be a worthy addition to the community and an asset to the Minecraft side of things.

Are you willing to participate in Game nights?:

Of course.

Why should you be chosen over the other applicants?:

I've been a member previously but withdrew myself from the group because I wasn't active enough, however with Minecraft now becoming a big part of the group I feel that I will be able to retain my activity levels to a high standard.

How long have you been playing Minecraft?

Atleast 4+ years.

Do you excel in any areas that would benefit our upcoming server? If so what?

Since I've been playing MineCraft for such a long time, I have a lot of experience pertaining to faction servers and mini-games which I believe would help Nightfall overall.

Why do you deserve a spot in Nightfall?

I feel that I deserve a spot in Nightfall because of my extensive knowledge and experience with anything to do with MineCraft. I also feel as though I am worthy because of my ability to contribute ideas and help.

Are you willing to participate in Game nights?

Yes.

Why should you be chosen over the other applications?

I feel as though I should be chosen as I have a large amount of experience and knowledge relating to MineCraft. I am also very laid-back and chilled, meaning that I get along with pretty much everyone.

How long have you been playing Minecraft? Over 3 years

Do you excel in any areas that would benefit our upcoming server? If so what?

I have built up Minecraft servers in the past, making easy \$125+ donation profits within the first week of publicity. I can locate and setup plugins and player permissions with ease. I'm also a really keen builder, I love making detailed scenes like the Wild West and medieval villages. I have plenty of fresh ideas I'd love to put on the table in Nightfall. Overall, I think I can benefit the server by being just an all round instinctive player.

Why do you deserve a spot in Nightfall?

I play Minecraft on a daily basis, mostly with friends. As a more experienced player of the Minecraft community I've been looking for a community with values, style, chilled out and just generally cool. I'm a friendly guy who loves the game out of passion. I believe I have a lot to offer, not only knowledge wise, but as a genuine person who loves being around people with similar interests.

Are you willing to participate in Game nights?

Absolutely, sounds like a blast. Within the next 1-2 months I may not be as active as I could be, this is due to my GCSE exams (hint hint my age) which will restrict my time in the evening. But hopefully if all's well I should be active in my spare time outside of study.

Why should you be chosen over the other applicants?

As a chilled out guy I feel that my genuine kindness is a large part of me, which I hope makes me stand out. I enjoy the game with passion and I have plenty of discussion ideas for the group to converse about. I've been looking for a community for a while, and it looks like I've discovered a gem that fits my ambition. I'd love to get to know the Nightfall group members and enjoy some great times on Minecraft.

Thanks for reading.

How long have you been playing Minecraft: Bought the game in 2011 during 1.7.3 beta.

Do you excel in any areas that would benefit our upcoming server: I'm a slightly above average builder, and I'm good at plugins/command stuff. I've ran a few servers in the past and mainly just run them for fun and experience.

Why do you deserve a spot in Nightfall: I like minecraft, and like having fun overall. I applied back in a general recruitment and was accepted but after checking the SF didn't really feel like I fit in since I mainly only play minecraft and a few other select games. Anyway, I randomly got removed within ~12 hours of being in the group without making a single post (maybe an activity check but 12 hours seems really short since I was asleep for most of it), but I wasn't that interested at the time, so didn't PM anyone to get that sorted or see why I was removed. Now that I see there's a minecraft section I'm all for it though and would love to give nightfall a second chance.

Are you willing to participate in Game nights: Sure, whenever I can! Not exactly familiar with what they are, but I assume its just where a bunch of people get together and do stuff.

Why should you be chosen over the other applicants: I'm pretty experienced in minecraft, and have been playing tons recently. My post count consists of around 25% just in the minecraft sections of the forums, so you can tell I'm really into the game. I love messing around in the game with friends and joining nightfall minecraft section would be a great privilage.

Do you excel in any areas that would benefit our upcoming server? If so what? I've pretty much worked on servers & how they work from scratch. I know how to develop new plugins, and I'm very good at supporting new ways in setting up a server. In game however, I can build pretty nice. Another area I excel in that can benefit the upcoming server would be my free time. I'm usually ALWAYS free to hop on at any given moment and help.

Why do you deserve a spot in Nightfall? This is not my descision, but I think I'd make a good asset to the Nightfall community!

Are you willing to participate in Game nights? I am willing, and looking forward to these Game Nights!

Why should you be chosen over the other applicants? I should be chosen over other applicants because I have a very unqiue personality, and I'm a very friendly person who enjoys to help out & just play games!
