Thread: [What are your methods \(Post your methods\)](#)

Lifestyle - March 5, 2015, 11:17 am

Hey guys, OhHax here. I'm making this thread as a public resource for people new to e-whoring or people just looking for methods.

Feel free to advertise your services here. But I'd rather have you post free methods.

I will start off this thread with My method.

First you will need to set up a hot chicks profile on these websites.

kikfriends.com

www.kikfriendfinder.co.uk

kikfriender.com

www.kikfriend.net

www.kiksnapme.com

findkikfriends.com

kikcontacts.com

kikfriend.me

<http://www.findsnapchatfriends.com/kik>

kikmates.com

www.snapchatfriends.net

These are just kik websites.

I have a larger list of websites to find people to e-whore if interested, PM me.

My filtering process :)

After you have advertised yourself on the website, you will begin receiving dick pics and people asking to trade pics. These are time wasters and there is no reason to even talk to them don't reply. People who ask about you selling and stuff usually actually want to buy. Also people who are having a bad day or something like that will probably pay even more ;? . If people just send simply hi or Hey sexy try to flirt with them. After a while ask them if they want to buy. If they ask you what you are doing be creative and be sexy for example

Perverved kik 50 year old man: "Wyd sexy baby"

You : Just got out of the shower ;) (Picture of towel covering up nudity)

Thats my technique, what is yours?

PLEASE POST BELOW!

Internet Explorer - March 5, 2015, 11:18 am

People are not gonna share their methods.

????? - March 5, 2015, 11:20 am

what's the point of this when there are already huge threads specifically for these methods. Nobody is going to give out good unsaturated methods so you're just going to see the same shit reposted.

Nothing new.. everyone uses that method besides the people doing their own thing making more money there's not much you can really do.

Diidinee - March 5, 2015, 11:20 am

I'm on kik old I filter it's easier and English because French is stingy ^^

That's nice and all, but this is somewhat an "every man for himself" business. If you got a goldmine, you won't tell about it. You may sell the information, but that's only if you a) quit ewhoring or b) see it's failing in quality ie: sales.

It's much like asking Coca Cola what their secret indigence is. They'd rather kill you than tell it.

I think that you mean Ingredient instead of secret indigence.

There are many ways to E-Whore, different chats/sites(Traffic), methods(Skype or Kik), and Tutorials(Such as Boxy's) <https://hackforums.net/showthread.php?tid=4517926>

If it isnt mentioned here or on the forum then it is most likely unsaturated. If so the person is not going to share it. They might sell it at some point to someone else who might share or still keep it to themselves.

Good Luck to You

"Your method" made me laugh, but like everyone said if someone has a good moneymaking method they're not going to tell everyone about it. Your best bet to find one is by trying new stuff and finding your own niche and stick with that?

ICUP - March 20, 2015, 6:29 am

OP expecting a stupid member in the hopes of getting their working method. LOL

Schattenwaechter - March 20, 2015, 6:30 am

Thanks for sharing your ideas and technics, i want to get some goodies soon :-)

Oh i forgot to mention, could you please send me your other stuff too? i dont have 25 Posts yet and could really need your input.

lol_xxx - March 20, 2015, 6:34 am

1. offer something
2. ask for cash
3. get cash
4. provide service
5. ???
6. PROFIT
7. repeat for ultimate richness

Notorious™ - March 20, 2015, 11:32 am

My method?

I order some russian girls from ebay and offer 18th birthday partys with the girls.

I keep them locked in a cage and feed them water and bread while I take all the proffit, isn't that the way people get rich?

1.Build up followers on Instagram, vine, and Twitter w/ this hottie [Gyazo](#)

2.Go for gamers since they got the beans [Gyazo](#)

3.E-whore on Xbox live as well

4.Send the traffic to snapchat.

5.Profit

One of the very basic methods I use.

rouxster115 - March 20, 2015, 6:57 pm

To be honest E-Whoring is so saturated through KIK on here, you would be a fool to post an un-saturated method here. Pointless.

Black Shadow - March 20, 2015, 7:18 pm

Is it easy to make much cash e-Whoring nowadays ?

I personally use the bot I sell. I know it seems like shameless advertising, but if you want my method, [here it is](#).

A lot of my customers use it as well and have made a ton of money. I generally stick with the "I'm up for naughty fun, but you're going to have to work to get me to send nudes" approach. It works better for me.

Depends. Personally, I'm not the best at it so I usually get anywhere from \$60 - \$200 (on lucky days). A few of my customers have made over \$700 in 3 days (namely MNWKA - check his vouch). Boxy has even made \$175 in 2 hours of use, lol.

Plenty to get me what I want. I'll be contacting you soon! Message me on Skype @ accountcrack

There are literally hundreds of methods to E-whoring but no one who has an unsaturated / unique method would even think to post it on a public forum, let alone for free.

If anyone needs any pointers regarding some methods, send me a PM & we can talk.
