Thes rates will vary from 0-20% depending on a number of factors.

I prefer sending money as gift (for friends & family), but can also send as service (for goods & service) if requested.

Need an exchange done?
PM me.

How do commission rates work?

Examples:

0% rate: You send me \$100 and I send you \$100 in PayPal.

10% rate: You send me \$100 and I send you \$110 in PayPal.

20% rate: You send me \$100 and I send you \$120 in PayPal. Yo send me your BTC. I want PayPal for my \$70 BTC at 10%
