Thread: [\[unofficial\] Pokemon Masters | Do you got the pokeballs, kid?](#)

typhoid - March 7, 2015, 11:14 pm

<http://play.pokemonshowdown.com/> ONLY

i have decided to start a secret elitist organization exclusively composed of only Pokemon Masters of Hack Forums .

This group is only for the best of the best.

Those that have defeated every elite four, bested every gym leader, conquered every region, enslaved all the different species of pokemon.

FYI there will be a tournament for the first 8 guys to prove they are good enough to get in that will include money as the prizes.

There is only one way to join right now as we are currently in phase 1 of recruitment.

Phase 1 will last until we have found enough pokemon masterz to move on to phase 2.

You must prove you are worthy by facing me in the sands of the pokerena on pokemon showdown

EDIT: You must defeat me in 1 out of 3 random battles. 2 out of 3 seems to be too hard for people.

The format will be Random battle.

Post here if you wish to challenge me for a spot in our ranks. If you lose you may challenge again in 7 days to try to remove the shame placed upon you and your dishonored family.

Do you got the pokeballs kid?

Note: I am only looking for the best of the best. I will NOT go easy on you.

So you think you had a hard childhood? Well Fuck you, its got nothing on mine. My mom practically kicked my ass out of the house before I even hit 13, and I never even met my dad. My only friend till I was 10 was this asshole prick next store who was always beating the crap out of me and telling me I wasn't worth anything. Its not even like I had a choice, the town had something like 9 people living in it, I kid you not. My entire adolescence was just moving around from place trying to get along with people who didn't even want me. You think that's the worst? My only friend was an Asian guy in his thirties or something, who only kept me around because he thought I could help him get laid. The only perk was that I also got to hang around with this cute ginger chick, she was flat as a pancake sure, but damn she was a total nymph. She must have been a sadist or something cause she always took pleasure in hitting me and telling me how she loved to get wet. But dear god the bane of my existence was this adult couple that I could NOT seem to avoid. You know these types of couples that are absolutely sickening, like they wear matching outfits and finish each other's sentences? Yeah they were complete creepers, and they had a cat, which was at least twice as annoying as they were, I swear this thing would never shut the hell up. Like I said I ended up moving from town to town getting into fights with other kids my age, even adults from time to time. The only thing that kept me going was my dream to become a pokemon master.
