Thread: [\[SQLi\] Another 40 Vulnerable Websites \(With Vulnerable Parameters\)](#)

???st??? - March 8, 2015, 11:20 am

So we have the same deal as last time, the vulnerable websites have their matching parameters at the side in the bracketts.

[Here's the List](#)

As always, if you do find something interesting, be sure to share it with us! ?

Yes, I'm not responsible for anything that happens to these websites.

Nor am I asking for you to attack specific websites.

Just for educational purposes I guess. ?

Lol, me too!

They tend to die out after a while...

I will probably release another list soon anyways. ?
