BITCOINS NOW ACCEPTED

Here is the thread with LOTS of reviews, but if you are going to BUY the e-book, please use the buy link on this thread as the one on that page is broken

<https://hackforums.net/showthread.php?tid=3777053>

Although you may just be planning on using this for acquiring games for personal use, many of my customers open up Steam Game shops and sell all the games they acquire through this method.

FAQ:

Can I get any game on Steam with this? - 99% of Steam Games are available, if the game is even slightly known it will be available.

Can I use this for DLC and other Steam items? - Yes you can

Does this method require any computer programming knowledge? - No, none at all

How long does it take to acquire games? - It depends on the games, 10-15 mins of NO EFFORT work at first, but as you build confidence they will be rolling in all the time

No effort work? - Yes, you can sit and watch Netflix, play Xbox/PC while doing this

Will this method get saturated? - No it will never get saturated

Will my steam account get banned? - No, it will definitely not get banned

Does this require any SE or impersonation? - No, none at all

(May 15, 2015 05:44 AM)Sowik13 Wrote: [\[CITE\]](#) The method isn't bad. I invested a bit more and i was able to make some of the games from my collection for like 1 day.

(May 13, 2015 07:32 AM)Sowik13 Wrote: [\[CITE\]](#) Just purchased this e-book and I'm very pleased with the method. It's written very well and the idea is very easy to grasp. The method is pretty

original and I haven't seen anything like it. Already on my way to free games.

(Mar 12, 2015 02:11 AM)Kreeak Wrote: [\[CITE\]](#) I received my vouch copy earlier. 19 Pages of great information. Now I've only ever seen one e-book similar to this, but this goes a lot more in depth about the method. If you want to get some steam games easily you should definitely buy this. It'd be a great buy, and it'll help you build up an inventory!

(Mar 12, 2015 03:36 AM)Onien Wrote: [\[CITE\]](#) Thanks for the vouch copy, OP!

TL;DR Very small investment needed to start up (however the bigger it is - the more profit you'd get). Very easy to set up and takes just a bit of time. 10% of work consists of setting up and doing the process to receive the game/money and 90% of time consists of waiting. Very good e-book for those who use Steam daily and play games or just for people who want to make extra cash.

These methods from e-book need really small investment, however, the bigger it is the more profit you'd get. E-book is nicely written, almost no grammar mistakes, in my opinion. Since I'm not an active user of Steam, this wouldn't be for me (although you can go and make real money through it) but if you're an active member on Steam or just look forward for gaining profit - this e-book is for you. It is not really auto-pilot, it takes a little time to set up, mostly it's about 10% of time for setting up and the rest is waiting. I wouldn't call this method saturated or unsaturated, if we add up some common sense to this - everyone could do this to gain profit - it's just that OP opens our eyes for additional easy profit of simple "business plan".

Grammar: 9/10

Method originality: 7/10

Easiness: 10/10

Saturation: ???/10 (I would say that the market for this is somewhat saturated, it's a very simple way of making profit and not many people do it)

(Mar 13, 2015 12:27 PM)Vito Scaletta Wrote: [\[CITE\]](#) I vouch for Evocati, his E-book is really easy to read and is easy to follow, it is also easy to get rich on his method because of its originality and that you just use common sense.

I cannot really tell much because it will expose the method but it's an really good method on getting steam games and stuff like that, the spelling and grammar are excellent in this book as well.

(Mar 13, 2015 12:44 PM)ShizzleFly Wrote: [\[CITE\]](#) Vouch for this E-Book. Easy to use. A bit time consuming, but worth it. - Shizzle

(Mar 18, 2015 10:36 AM)Gnome Child Wrote: [\[CITE\]](#) Originality (8/10)

I have seen similar methods before but not with Steam. It's handsomely easy to do, just as long as you're willing to put the work in!

Potential (9.5/10)

You can defiantly obtain any games you desire on steam but there is a chance you "might" make a mistake somewhere.

Grammar (10/10)

I'm not fantastic when it comes to grammar, but I trust the user with his spellings etc!

Layout (7/10)

The layout was very basic, only 2-3 pictures but it got straight to the point, I prefer a much more detailed eBook with pretty pictures explaining stuff in more detail but that's just me!

Overall (9/10)

In summery, I would recommend this to anyone who wants a few games for "free", yes it does take a little bit of time but the more you put into it the more you make!

(Apr 6, 2015 04:20 PM)Headdy Wrote: [\[CITE\]](#) I've received a vouch copy from OP so here is my honest review:

Quality of the ebook- 10/10

Wow. This ebook is great. It goes into detail, it'll give you all the (background) information you need to get the most of out of this method.

With knowledge it might be a bit easier, but without any knowledge it would only take a few minutes to fully read this ebook and I'm sure you'll understand everything.

Grammar used in this ebook- 10/10

This ebook is written without any grammatical errors. (At least, I didn't come across any!)

Ease of Use- 10/10

It does require a little investment (yes, I would say 2-5\$ max to get started!) but the method itself is really easy. It takes less then half a minute to set it up,

(even though you have to do this every time you are going to use the method, but in total you won't even notice since it's really fast) but this means you have to wait longer, but again, this won't be a big problem.

Design/Layout- 9/10

It's plain and simple. There are no disturbing objects which means you can fully focus on the method. The only negative thing about this ebook can be that it looks a bit too plain, but that's just a personal preference.

Overall score: 10/10

This ebook is definitely worth your money. I'm sure you'll earn your money back within no-time by using this method. I'm giving this a 10 because the design thing is just a personal preference.

(It doesn't affect the method at all)

Long story short, I wouldn't hesitate to buy this method.

This will get you steam games while you're sitting outside; enjoying the sun and relaxing.

Good luck with selling!

(May 8, 2015 06:05 AM)SourMan Wrote: [\[CITE\]](#) I bought the ebook from OP and I can honestly say this works 100%. However, you must have patience. The methods in this book is all about patience with minimum initial investment required (the more the better though ;)). I recommend this book to anyone, especially if you are lazy. You literally just have to wait for this method to work.

(May 9, 2015 12:52 PM)hey0 m9 rekt Wrote: [\[CITE\]](#) I remember buying this wayy back in October. It took me a few days, but I was able to get Minecraft, CS:GO, Outlast, and a bunch of really awesome games. Vouch for Evocati and his method, it works really well, you just need to be a little patient.

(May 10, 2015 10:07 AM)Spouse Wrote: [\[CITE\]](#) It requires a investment for beginners but if your the average steam player this should be no avail to you. This was well thought out and structured. It is really good for profit wise if your not much of a steam person such as my self, still a fairly good way

to make money even if you don't use steam this is a good money maker. Overall this e-book could get you a lot of money however it isn't much of autopilot it is more of the lines working with other people to get what you want, add a few thoughtful things or self thinking and you could make more money then by the book standards.

Grammar: 10/10- I saw you no errors here

Layout: 9/10- the layer was very good and detailed

Method: 10/10- Never seen anything like it or even thought of it nice one.

Easiness: 8/10 if your a noob maybe a bit harder but overall it is really easy

Saturation: 3/10- Very rare that I see stuff like this going around.

(May 10, 2015 10:42 AM)n?w? Wrote: [\[CITE\]](#) Received a vouch copy of the paticular ebook.

Well, it is a well written ebook, detailed, with numerous examples. I didn't notice any grammatical mistakes and even if there are they won't make understanding the ebook difficult.

OP, is really honest and in the beginning of the ebook he mentions that it will require some work. It is true, you will have to be patient and spend some time but in the end you will be really satisfied with the results. Despite that, you won't have to do anything difficult rather than just be patient and don't easily give up.

It is also important to know that, I have not seen seen this method anywhere and it doesn't involve doing surveys and such things.

I would surely recommend you buy this ebook, if you want to add some more games on your Steam account, unless you desire to be given the games completely auto-pilot, which, in my opinion is almost impossible.

(Sep 8, 2013 05:56 PM)Sword Art Online Wrote: [\[CITE\]](#) This method does require a SMALL investment,but other then that, keep up the great work.

Everything is explained in detail as to what you have to do.

(Sep 9, 2013 07:38 PM)Sammich Wrote: [\[CITE\]](#) Just purchased this eBook and it looks absolutely fantastic! I see some folks saying that it's public, but I personally have never seen anything like this, or even remotely like it.

The author provides plenty of detail, and there's tons of little tips & tricks to help you out.

The layout is fairly basic, but very clean and easy to read.

As for support, Xero has been very friendly and helpful. Quick responses, and quality answers.

You have my vouch!

(Sep 10, 2013 05:14 PM)Angry Gr?ndpa Wrote: [\[CITE\]](#) Just purchased, this e-book teaches you all you need to know on how to get any steam game for free, or build up a collection. The tips he gives are great as well. Very neat ebook.

STANDARD VERSION - 60 day refund policy / no support

<https://payivy.com/v/Valve%20Tormentor%20-%20Standard>

PREMIUM VERSION - 30 day refund policy / Skype support

<https://payivy.com/v/Valve%20Tormentor%20-%20Premium>

TOS:

No chargebacks

Support will be provided via Skype only

In order to receive your refund you must provide proof that you have followed the method and not received any games - This is how confident we are in this method

rollerxray7 - March 10, 2015, 3:58 pm

Hey dude if you ever need a vouch copy for a review hmu...I'd be happy to write a review :)

toddyuk - March 11, 2015, 4:32 am

Hey man If you need a high quality vouch review hit me up, check some of my recent posts for an example of what it will look like.

Shopify+ - March 12, 2015, 2:08 am

Giving away 3 more vouch copies - Post here

FRANKIE - March 12, 2015, 2:08 am

Vouch for Evocati, best of luck with sales my man!

Eminem????? ????? - March 12, 2015, 2:11 am

I received my vouch copy earlier. 19 Pages of great information. Now I've only ever seen one e-book similar to this, but this goes a lot more in depth about the method. If you want to get some steam games easily you should definitely buy this. It'd be a great buy, and it'll help you build up an inventory!

Pink - Panther - March 12, 2015, 2:50 am

Would love to receive a vouch copy. I'd write a nice review in that case!

Vito Scaletta - March 12, 2015, 2:53 am

Id like a vouch copy, ill give a full review of what i think of it and the method itself without expose any off it.

ShizzleFly - March 12, 2015, 2:59 am

I'll love to get an vouch copy, I'll post a HQ review here.

Pink - Panther - March 12, 2015, 3:36 am

Thanks for the vouch copy, OP!

TL;DR Very small investment needed to start up (however the bigger it is - the more profit you'd get). Very easy to set up and takes just a bit of time. 10% of work consists of setting up and doing the process to receive the game/money and 90% of time consists of waiting. Very good e-book for those who use Steam daily and play games or just for people who want to make extra cash.

These methods from e-book need really small investment, however, the bigger it is the more profit you'd get. E-book is nicely written, almost no grammar mistakes, in my opinion. Take from it what you want mate.

I can tell you right now that you don't need to invest to get this to work. I have no idea where you plucked \$13 from.

I don't see why my customers would post pics of their steam library if they weren't happy with the method? There is no way to submit photographic evidence because the game goes straight in to your library. They've obviously received a lot of the games from this method if they are going to post their library. Please don't sales trash

bilibili - April 27, 2015, 3:27 pm

Just got and viewed the ebook, it actual works! Vouch for Evocati, best of luck with sales. Will post my library once I get some games.

I bought the ebook from OP and I can honestly say this works 100%. However, you must have patience. The methods in this book is all about patience with minimum initial investment required (the more the better though ;)). I recommend this book to anyone, especially if you are lazy. You literally just have to wait for this method to work.

Shopify+ - May 8, 2015, 4:05 pm

I remember buying this way back in October. It took me a few days, but I was able to get Minecraft, CS:GO, Outlast, and a bunch of really awesome games. Vouch for Evocati and his method, it works really well, you just need to be a little patient.

Shopify+ - May 9, 2015, 5:44 pm

No worries mate

If anyone has any questions please pm me

Spouse - May 10, 2015, 10:07 am

It requires a investment for beginners but if your the average steam player this should be no avail to you. This was well thought out and structured. It is really good for profit wise if your not much of a steam person such as my self, still a fairly good way to make money even if you don't use steam this is a good money maker. Overall this e-book could get you a lot of money however it isn't much of autopilot it is more of the lines working with other people to get what you want, add a few thoughtful things or self thinking and you could make more money then by the book standards.

Grammar: 10/10- I saw you no errors here

Layout: 9/10- the layer was very good and detailed

Method: 10/10- Never seen anything like it or even thought of it nice one.

Easiniess: 8/10 if your a noob maybe a bit harder but overall it is really easy

Saturation: 3/10- Very rare that I see stuff like this going around.

HACKED - May 10, 2015, 10:42 am

Received a vouch copy of the paticular ebook.

Well, it is a well written ebook, detailed, with numerous examples. I didn't notice any grammatical mistakes and even if there are they won't make understanding the ebook difficult.

OP, is really honest and in the beginning of the ebook he mentions that it will require some work. It is true, you will have to be patient and spend some time but in the end you will be really satisfied with the results. Despite that, you won't have to do anything difficult rather than just be patient and don't easily give up.

It is also important to know that, I have not seen seen this method anywhere and it doesn't involve doing surveys and such things.

I would surely recommend you buy this ebook, if you want to add some more games on your Steam account, unless you desire to be given the games completely auto-pilot, which, in my opinion is almost impossible.

I have received a copy of the Ebook and i truly have to say that this method will work.

You will not receive your games instantly, but no method will. This method literally requires 5 minutes of actual work then just waiting. Once you get started there seems to be no stopping.

Also, i can vouch, this can work for any steam game on the market.

Overall i would rate this ebook 9/10. It is very descriptive and explains everything in detail. After reading it through i am already setup and ready to receive games with a small \$2 investment.

Shopify+ - June 2, 2015, 7:26 am

Futtiee - June 2, 2015, 12:13 pm

Alright, I got couple questions, and im so lazy that didn't read all pages.

- Am I able to get games like GTA V, CS:GO etc?
- Am I able to get those games for like gift (resell purposes)?
- Am I able to get in-game items with this guide (like CS:GO items)?
- Will this method get patched once there's so many people with your guide?

E: Also

- Do I have to wait hours/days/weeks to get my games?
- Do I need paypal / credit card for this?

Academy Awards - June 2, 2015, 4:07 pm

I am in no way affiliated with OP I have done this review with pure honesty and nothing else

I bought the e-book and saw that there have been no recent reviews so here's one.

Originality: 10/10

This e-book is pure genius and amazing. Evocati knows what he's doing when it comes to this. I have never in my life seen this method. This is one of those methods where people are like "How could a human find this". Don't worry about this getting saturated because the chances are 100% unlikely.

Grammar: 10/10

No grammar errors at all. Good punctuation and easy to read and understand because the words are properly used and are understandable.

Easy of use: 9.5/10

This method does require some work but all the work will be rewarded back. Those methods for money may work and you can then buy these games but this method is the BEST for games. This is the best I've seen and it works!

Overall: 10/10

Overall if you get this you will get your money worth's back in games and even more. Don't be afraid to buy this because I know how it feels I was afraid I thought this would be a fake but then when I bought it I was glad I did. It was worth the investment!

Thank You!

iBeerMan - June 2, 2015, 5:26 pm

Vouch for this ebook nice method very easy to follow and well written.

So it takes around 1min -> 60 min to get game once the method has been setup?

Shopify+ - June 4, 2015, 3:02 pm

Sorry, 20 mins usually around. But this becomes faster and faster as you get more used to the method

This, and do I need to contact steam in any way shape or form?

Shopify+ - June 14, 2015, 4:21 am

Pmed you both

If anyone has any questions, please PM me

higher123 - June 14, 2015, 3:08 pm

Would love to receive a vouch copy. I'd write a nice review in that case!

Shopify+ - June 15, 2015, 2:59 am

Sorry all vouch copies are gone

Please pm me if you have any questions

HITBONES - June 15, 2015, 6:19 pm

would this require investment ? am i going to pay for something ? .. is this gonna include me
Downloading free games and than sell them to get the game i want ?

am i going to get an advantage of a glitch ?

plz pm if you could

Thanks
regards

\$2 at first yes, but nothing after this

Nope you won't be doing that

Nope, no glitches or anything black hat

Thanks

Hi all, new purchase links are:

STANDARD VERSION - 21 day refund policy / no support

<https://rocketr.net/buy/5b9c2e1c40be>

PREMIUM VERSION - 7 day refund policy / Skype support

<https://rocketr.net/buy/764b7349d3b4>

E-book has recently been updated and is now working better than ever.

jinyufalang - *October 24, 2019, 7:18 pm*

Hello is it still for sale? Can I take a vouch copy? I promise I will post a great review in great detail!

Salman Ali - *November 29, 2019, 10:57 pm*

Hey does this include online games and play with people online?

atari2001 - *January 8, 2020, 9:54 am*

can you give me some info about this?

Hard Glock - *May 10, 2020, 2:23 pm*

If this is not refunding the games when done playing Ill buy a version.

Salman Ali - *June 5, 2020, 5:07 pm*

I mesaged you please reply
