Thread: [CRACKER 4 HIRE: Cracking specific/bulk accounts for you](#)

La Cocaina - March 12, 2015, 3:20 am

Hello everyone,

I classify myself as a really good cracker, I've cracked over 300K accounts.
I used to run a forum, which was cracking related, sadly I had to shut it down.
I provide all accounts in our store (signature).

Packages:

Specific Account:

- 2 Hours of brute forcing one specific account. (Extra hours will cost \$2 each hour)
- You just need to provide either the email/username & site.

Price: \$10

Bulk Cracking:

- 1 Hours of brute forcing one specific website. (Extra hours will cost \$3 each hour)
- Custom config (In case I don't got one for the site you want me to crack).
- You provide me a website you want me to crack accounts on, I'll provide everything else.

Price: \$12

Notes:

- I do not guarantee hits or accounts, brute forcing is still a gamble.
- You're allowed to do everything what you want with the accounts I gave you.
- I will not crack finance related things, such as banks, paypal, shopping sites.
- If you suggest me a website and I can not make a config for it, I'll decline your request.
- Payments via PayPal or BTC.

Aren't there Facebook crackers being sold here?

Ot: I was just wondering why you had to take down your forum. Were authorities involved?

so far i paid 3 people on this forum to try and crack a normal fb account for me. not 1 has succeeded. their just scams. i cant tell you how many times i've been scammed on this forum. either its not possible to do that, or they gladly take your bitcoins.

I don't have time to run it, due I'm a student.
But that doesn't affect my capabilities to crack, I've got a server and I can use it for cracking.
