Not sure how long this is lasting

http://azure.microsoft.com/en-us/pricing/free-trial/?WT.mc_id=azurebg_us_sem_google_br_top_non_test_trialpage_azure&WT.srch=1

if your a MSDN subscriber save \$1800

Offer won't be ending anytime soon, has been going on for several months. Azure is wonderful.

\$1800 is \$150 in credit every month if you are a subscriber to MSDN with Visual Studio Ultimate (\$13,299).

I get all that free with work anyways :) We can use it to develop our personal stuff on as we have a company Azure account to develop work related stuff on.
