RealForums Post Contest

<http://realforums.org/>

Hey, RF hit a milestone of 75k posts so we've decided to run a contest. It's very simple, you have 7 days from the date of this post to sign up and make 25 posts. Once the contest ends, I will record a random.org draw to pick the winners. If the winning person doesn't meet the 25 post requirement, I will draw again.

You must post below to enter, your post number will be your entry number. But wait ... there is a twist.... You may post as many times as you like in this thread to improve your chances but keep it to one post per page!

<http://realforums.org/>

Prizes:

1st
\$10 BTC
Desire Upgrade
(Worth \$22 when including the Envy upgrade)
Two Upgrade Awards
5000 RF Gold

2nd
\$5 BTC
Envy Upgrade
(Worth \$7)
One Upgrade Award
2500 RF Gold

3rd
\$5 BTC
1000 RF Gold

Extra Info:

All users from HF also get the HF award and 200 RF Gold just for signing up!
(PM a staff member for your HF award, include your profile URL.)

Please keep spam/trolling to a minimum, any 'junked' posts will not count towards your total.

A Little Tip:

Make an introduction thread, these usually spark some discussions and you'll most likely get 5 of your post requirement just from your introduction thread. ?

All urls have been changed to hackforums, seems you are now labeled as a competing forum! Congrats! It is an honor to be taken seriously, so you should think highly of yourselves.

Also, this is my second post on this page so please disregard. Just a heads up that this contest is most likely coming down. So don't be surprised if it just disappears over night!

Pain - March 20, 2015, 6:13 pm

I'd like to enter this OP thanks a lot!

Trenchguns - March 20, 2015, 6:17 pm

This is my post on this page. The post before was just informational of how this contest might get shut down by an admin soon.
