Most of the money making ebooks will actually work cause there is always a truth hiding within them. This will tell you how to become an entrepreneur and seize the day. Make the best out of your day. With this ebook you will not only be able to make your dreams come true, but it will also help you to get a better mindset a better working attitude and last but not least a better self reflection. You will love yourself more, you will be happier and accomplish things you never thought possible.

Overall, this guide has rock-solid content that is easy to relate to. Whether or not you're an entrepreneur or aspiring to be a successful one, Sur Justice includes pretty much a to-the-point guide on how to bring out the best in who you are. Without revealing too much, I can say that being an entrepreneur myself, I follow a lot of the advice Sur Justice includes in his book. It really does give you that extra boost - I can attest to that hands-down any day.

He goes over the multifaceted aspects of living and being like an entrepreneur as well as behavioral predilections of said successful entrepreneurs. Following his advice would be in anyone's best interest.

Contrary to popular belief, being an entrepreneur (a successful one) is NOT a walk in the park. It does NOT depend on how good your ideas are or how good your pitch is. Sur guides you through everything you really need to know to get yourself that advantage over other entrepreneurs who blindly listen to social media and think they can do anything with a good enough sales pitch. Don't be one of those people who get lost in their own fantastical world.

I can also tell that there has been legitimate research done and/or cited in AmityEntrepreneur. It's quite impressive and I know a lot of effort has gone into this. Sur Justice really pounded this one into the ground - I'd recommend this to anyone who's looking to become an entrepreneur.

A huge vouch to Sur Justice - one of the highest quality ebooks I've ever seen in this market place. And trust me, I've seen a lot over the course of my time here.

i'm willing to leave a full eBook review. i have no use for the eBook so usually after i leave a review i immediately delete to reduce risk of having it leaked/saturated.

Panoply - March 15, 2015, 5:18 pm

If you are still giving out review copies, ill write a full detailed review!

Purist - March 15, 2015, 10:10 pm

Are you giving out vouch copies?

Thanks.

Sur Justice - March 16, 2015, 2:02 am

Thanks for all the replys, but due to it making no sense to give away vouch copys I'll leave it as is right now.

What would you like to know?

Its very simple if you know what a true entrepreneur is. A true entrepreneur is someone who starts his/her own business and builds it up from the ground. This is no ordanairy ebook which you see on hf all the time. Most of the money making ebooks will actually works cause there is always a truth hiding withing them. This will tell you how to become an entrepreneur and seize the day. Maie the best out of your day. With this ebook you will not only be able to make your dreams come true, but it

will also help you to get a better mindset a better working attitude and last but not least a better self reflection. You will love yourself more, you will be happier and accomplish things you never thought possible.

Noh, most ebook owners say "with this ebook you'll make 10k per sec" this is a totally different ebook. There are no methods included in this ebook. This ebook is purely the ins and outs of being succesfull, making it in life and feeling good. Gaining money is purely an extra pro to this ebook.

Payne - March 16, 2015, 3:15 pm

Is any vouch copies available, OP ?
Deficio

Sur Justice - March 17, 2015, 12:41 pm

One again, we're not giving iut vouch copys. There is no need for us to get the ebook leaked :).

Sur Justice gave me a vouch copy of this ebook, which i read carefully in order to write a review for you all.

I have to say that even if no book/ebook/tutorial can really teach you how to be a successful businessman/monetizer, the effort put in writing this guide is notable, therefore if you really have no idea about where to start then this may be a good point to understand the mindset that you must have in order to do deals.

I didn't find grammar mistakes, and it has been an easy read even if it took a while due to the amount of pages.

Content is well organized and divided in chapters, which give the ebook a clean and easily understandable structure.

I don't see the need of two separate plans to sell this since you won't need support if you're really convinced about following what you will find inside the ebook, anyway that's up to the seller.

Being said this i go back lurking in the shadows and wish you to have luck with sales ?

Sur Justice - March 22, 2015, 11:18 pm

Thank you both for your reviews!

If anyone has questions, don't hesitate to ask them.

That is why I'm here.

Sur Justice - May 18, 2015, 4:09 am

I just updated the ebook with new and even better content!
