Really nice design! Was looking for something slick and this may be the one for me.

Cheers OP!

Really nice seeing people help out the community!

Got yourself some rep;)

Yep, that's where I got the rocket/clouds images from. (also design)

Probably should've posted that in the OP but was a bit lazy.

I just put it together to form a thread design because I liked the way it looked :)

This thing's pretty hot, who gives a fuck if he ripped a few logos it's not like you're going to be saying you made this if you edit the template.
