Headdy - March 18, 2015, 5:59 am

EDIT: Nvm you already fixed it

Looks legit, good luck!

127.0.0.X - March 18, 2015, 5:59 am

ohh sorry for that all fixed now and working

Marshall Mathers - March 18, 2015, 6:18 am

Looks like a legit report, just include a picture of his Skype profile.

Hope you'll get this resolved!

Kind regards

?Gohan - March 18, 2015, 6:31 am

Looks like a legit report, One question. Why have you covered up your username and other bits on the last image? they don't show any personal information etc and have no real reason to be covered up.

As far as I can tell you have covered up:
your username.

Time

and how many unread and read PM's you have.

only for one reason Security As all image was uploaded on <https://imgur.com> so not want that every person who Visit <https://imgur.com> can see my few things like you said Time user etc

Could you add payment proof in as in images, like pictures of your transactions?
(Could have been me that missed them in the post, couldn't quite understand everything)

yes if he ready to give refund then its ok . he is not online in HF

from 17 so i am waiting for him

if he come online and not refunded then he cannot be a "a very legit user" and should be repfucked

Mr.Peanut - March 20, 2015, 6:45 am

See if something like this: <https://hackforums.net/showthread.php?tid=4394564> where taken into action, i'd have such a nice effect overall. Just remembered that thread I made a while back but oh well.

EmperorR! - March 20, 2015, 6:48 am

It's looking 99% legit , please post this to understalker Community protection , i really want some action taken against him as reputed members keep scamming starters and it's not FAIR!!!!

1. HF will not be held responsible for deals made by members. All deals at your own risk.

3. Do not contact staff about a deal dispute.

That is why.

Just keep posting in this every 24 hours with legitimate posts and this will stay at the top and people will decline deals with him.

That's about all you can do.

NoodleBot™ - August 3, 2015, 11:49 am

Sad to see this. Hope you get repayed your money back.

You can fuck with a mans time, or patience. Don't fuck with their money.

Xsal_Ice - August 3, 2015, 1:30 pm

wtf and this cunt is still here on HF...

Also OP you should edit your entry post and give a DIRECT link to his profile. So other members can -rep him and so on.

Also why u dont ask him on his selling threads why he scammed you and so on? You should make his life as hard as possible for this.

I asked here:

<https://hackforums.net/showthread.php?tid=4603838&page=6>

Will look good for his possible customers.

Blizzard - August 4, 2015, 4:16 am

Xsal_Ice - August 4, 2015, 4:23 am

Blizzard i saved you from a 2000\$ loss. Hope this guy leaves HF forever...

Seems like this report is completely dead.

Did you ever get a refund or the job done?

xNeaples - October 15, 2015, 5:55 am

If you look closely to the "scammer" rep page, you can see that OP left a +1 saying "solved" after almost 11 hours from OP's last message (<https://hackforums.net/showthread.php?tid=4736017&pid=47314969#pid47314969>), so I would say this is resolved.

Sparky - January 30, 2016, 2:59 pm

He scammed me too, lmao. I never bothered to make a thread but Mastery knows he scammed me for \$200.

Prince™ - January 31, 2016, 4:54 am

This is a legit scam report with all the proofs provided.

Sorry for your loss OP. Next time, please do consider using a MM service in order to avoid getting scammed.
