N1nj4Styl3 - March 18, 2015, 1:58 pm

Hello there, in order to celebrate the fact that we met a huge success with LoL account cracker we are hosting this contest so we can give away 2 lifetime licenses for our application. You can find more info about the application: [here](#).

We will pick the 2 winners by using random.org. We will be taking in consideration your post number to pick the winners.

Make sure to enable your signatures in all posts so your participation can be considered as valid. We will be checking daily if everyone is wearing their signatures, in case someone removes their signature before we meet the deadline they will be disqualified.

Each member can post 1 time per page. This will help you to increase your chances to win.

Contest ends on 1/4/2015 (April 1st, 2015)

This contest is generously hosted by the member [coolerfarmer](#) who is the developer/owner of the application.

Thank you and good luck to everyone!

Hello,

This specific LoL account cracker is different than the other ones. As in every section/field of the internet there are similar companies which offer same programs, they are different when it comes to stability, success, etc.

I'm not going to disagree, there are free programs to crack lol accounts, but do they offer the same features/options as the specific application?

If you would like to read more about the application, you can check [here](#). ?

Well, ofc you can. But you have to get Combos and stuff like this.

Read through the thread. the special thing about this is that it is fully managed and you only have to press one button
