Rita Ora ? - March 18, 2015, 9:07 pm

I'd love to get a Vouch copy if possible :) Thanks alot dude!

God of Thunder - March 18, 2015, 9:09 pm

I'd post an honest and detailed review if you plan to give me the vouch copy :)

syrax's bitch - March 18, 2015, 10:28 pm

Hey man may I get a vouch copy. I'll be posting a honest review based on grammar, and content of the book :)

_FRACTURED - March 18, 2015, 10:50 pm

I've paid for this ebook a couple hours ago, however the email OP entered into Paylvy isn't even associated with any PayPal accounts so if you do buy this you'll have to wait until he accepts the payment.

EDIT:

He fixed the problem, glws.

KNOWLEDGE - March 19, 2015, 12:21 pm

I've fixed the problem, I was using the wrong email that my payments would be deposited to. Sorry about that.

I've PM'd you regarding this, thanks for volunteering, there are no longer any more vouch copies!

God of Thunder - March 19, 2015, 12:45 pm

I received a Review copy and here is my review:

People. If you know nothing about Doxing. This is the ebook for you.

I literally knew nothing about it and now I can actually get someone's information.

The sources provided in the ebook are 100% working. I tried them on my own and they work.

Besides that , the content and organisation of the Ebook is very neat.

This ebook is well worth the \$3 price.

Vouch for OP , Goodluck with Sales

Sorry about that, alot of business is comming through. I've emailed you the product. Thanks for purchasing!

syrah's bitch - March 19, 2015, 1:11 pm

Hi, my name is Logic I recieved a vouch copy of this book and here is my honest review.

Quality 9/10

A good quality ebook. Written straight to the point with simple steps. It's a short but direct ebook. Not one of those ebooks filled with worthless content that you just don't want to read. I give this ebook a high rating in terms of quality.

Ease of Use 8/10

This eBook give you some great start off platform for someone who wants to start doxing. The method and the steps involved are very well written and easy to understand even the most computer illiterate could understand the steps for this book.

Layout 8/10

The layout is quite simple, but is laid out in a very logical format. The ebook is written with an easy to read font and the size is reasonable. Steps are layed out in an easy read formate and easy to follow.

Grammar 9.8/10

I see no significant errors in grammar, it is understandable and seems like an effort has been made to write it with proper english.

Originality 9/10

This guide does contain methods that is related to all of doxing but for a beginner you will not find them at this price.

Overall 8.8/10

This guide is noob friendly, and very easy to understand. A beginner will be able to understand and execute the steps in the guide efficiently and with practice begin his own doxing shop once he has gained the skilled required that can be learned from the book.

Logic Approved!

Thanks for you honest review in opinion! Much appreciated.

Still online and currently accepting payments! 5 copies have now been sold.

Scriptie - March 19, 2015, 2:02 pm

Spellings: The spellings so far are absolutely fine! 10/10 for the spellings and the Grammar is up to date! ;) the is nothing really needing to change about it. The title is a good size and so is the font good job Denial of Service

Whole Opinion: You did a really nice job here man, but could have included a lot more on how to do things but a good 10/10 rating from me.

Vouching you my friend!
