Vouch for CoinerHTTP bot, this bot looks very good! Good luck with sales.

Goodbye123123 - March 18, 2015, 9:07 pm

Just so everyone knows, he is the legit owner of this project it was sold to him earlier today.

(Mar 18, 2015 09:11 PM)Venomous Net Wrote: [\[CITE\]](#) I was not saying he did not own the project.

Whats stopping him from backdooring bins, or leaving backdoors in the webpanel? He has 1 post and registered this month. There are a lot more things someone can do when you don't have anything to lose.

We can always check his bins, not to worry. I doubt he'd try anything, though.

?Plutus - March 18, 2015, 9:34 pm

best of luck with selling this man.

Jokeh - March 19, 2015, 4:41 am

What do you mean why bother? Because you can make alot of money if you have a decent amount of bots, there is also SO many other things you can do with this bot... It's not just meant for mining.
