Thread: [\[FREE\] 890 Handwritten Shapes - Bundle \[Download Inside\] Photoshop](#)

LucianDev - March 20, 2015, 11:39 pm

890 handwritten decorative vector shapes in Adobe Illustrator and Adobe Photoshop (resizable shapes). Shapes like ribbons, dividers, ornaments and corners.

Great for your print or web designs. Enjoy

DMPS - March 21, 2015, 12:46 am

Thanks man! This will com in handy with thread designs!

Your welcome mate, good luck with the Thread Designs.

sleawnis - March 25, 2015, 3:03 pm

This is a great resource, thanks very much!

tgif.lv - March 26, 2015, 11:27 am

Thanks bud this will be useful in my current project

Kify - March 26, 2015, 11:29 am

This is so awesome, downloaded it.

Could you make a 'handwritten' font?

Comedic - March 26, 2015, 3:47 pm

Thanks man! This'll definitely come in handy ?

Your welcome, I use them a lot actually so they do come in handy.

?eezy - March 28, 2015, 4:12 am

These look good as! Thanks for this :)

?eezy - March 28, 2015, 4:16 am

These look good as! Thanks for this :)

edit: accidentally posted this twice, sorry :/

Dengazz - March 30, 2015, 9:45 am

Thats nice , thanks mate:)

Keep going !

papybest - February 15, 2016, 3:55 pm

the link is dead can you renew it ?

According - February 15, 2016, 8:19 pm

Thanks man, a lot of these look awesome

Only the MediaFire one is dead the MEGA one works fine

finez - February 24, 2016, 8:24 am

thanks man this is what im need

Classic™ - February 28, 2016, 1:18 pm

Holy fuck dude! You're really good at this type of stuff.
