Thread: [Free Doxing and De-Tracing](#)

Zayzo - March 21, 2015, 10:01 pm

Free doxing/foot print removal service brought to you by the team Dox Masters

All rules have to apply to HF. By asking me to dox you allow me to go to any circumstance to get the info needed.

I will not be able to get to everyone, so if you don't get a pm back with info don't think I ignored you.

I will be doing this for about a week maybe less. I decided to give some free doxes again and close my service temporarily while I do this.

What can I offer you for free? (Most of the time)

- I can pull ips behind a VPN/Proxy.
- Dox most people anywhere, anyone. (Sometimes impossible)
- Remove all fingerprints of you on the Internet.
- Give you tips on being "ghost" like in the sense of being untraceable

Stealing. - March 22, 2015, 3:18 am

Well, good luck, have fun. I guess I'm not that hard to Dox.

Aurora - March 22, 2015, 7:29 am

Practicing is a good way to test your skills. It's good to practice and enhance your skills, but understand there's a line you shouldn't pass when "practicing".

Zayzo - March 22, 2015, 9:17 am

I will pm you with info later Stealing.

And yes, I would not post the info anywhere only to report it to the user who asks. I will not give away SSN's or password hashes that have been cracked in this test.

There's no "line" on HF. we have no standards here

Raz3r - March 22, 2015, 9:36 am

PM'd you OP, Good luck with the task.

bigbill1010 - March 22, 2015, 11:15 am

am very interested in what you are offering. how about the name william field of carson city nv? any and all info i would be interested in seeing how much private data you are capable of obtaining. then, possibly learning to do it on my own.

thank you

Zayzo - March 22, 2015, 6:47 pm

I will do the rest of the users who pmed me soon. I'm quite busy, and receiving alot of pms. But i will be doing free doxes for about a week or two. Continue the pms and posts.

Dubitus™ - March 22, 2015, 6:56 pm

Vouch for Zayzo, he's a very good aspiring doxer.

Alrighty, I'm waiting but take your time.

Thanks for doing this for free though!

Zayzo - March 23, 2015, 10:50 am

Yes, I do all the doxes in order. I'm doing this on a couple of sites. I have time for a couple a night since this week is exams.

Some people I can get a full dox, SSN, address etc. Some I can only get partial since they are pretty much undoxable to a certain extent where it would take several hours. I won't be spending more than several hours on a dox in this thread.

Drunky - March 23, 2015, 2:01 pm

It's truly amazing, I hope try to learn and practice DOX over time, though.

Light. - March 23, 2015, 4:43 pm

what's my first name CMAAAAAAN WHAT IS IT

Zayzo - March 24, 2015, 10:27 pm

Doxes I am doing next and will complete soon. Even though busy finals week.

1. Stealing.

2. Headdy
3. CyberOptics

What I meant by "line" is to not go beyond your moral standards. It's great people want to practice their skills, but don't "go beyond the point where it ruins the person's life" when using them as a practice target.

• **Kyle** • - March 27, 2015, 12:33 pm

Please attempt to dox me thanks. pm info u found

Zayzo - March 28, 2015, 9:18 pm

I have time this weekend to finish up some. Continue the requests doing more.

Headdy - March 29, 2015, 10:02 am

Vouch for this user! He did what I asked and came with information.

OP did come with some valid stuff. I hope more people will request this since it'll help you to learn doxing. :D

Zayzo - March 29, 2015, 10:29 pm

Got a couple done. If I don't respond to your pm, I've added you to the list. I'll pm you with information later.

Some members ask about my abilities on de-tracing. If you ask me to de-trace your steps and point them out for you I will.

EdwardFezni76 - June 14, 2015, 10:47 am

Hi there,

I am looking for a legal name and/or address on an individual. They stole some copyrighted material and I need to file for a lawsuit since they're refusing to comply and remove the material. I have very little information on this person, and what I has is very limited.

So far:

Skype: jupitertree

PayPal email: jupitertree1@gmail.com

Domain email: 2brandy4@gmail.com

Has a live.com email as backup, not sure of the name

Possible IPs: 96.244.215.233 or 108.3.133.48

Domains: fundamentalseo.com, oneadaytech.com, ariospvp.com, coc-mc.com, coc-mc.net, magicacraft.net

Known as Jupitertree or Jupitertree1

Possible names: Reliable source told me his first name is Joseph, possible other names are Frank A. or Brandon.

Location: Judging from the IPs, he consistently traces in Maryland (if they're not VPNs)

Old YouTube Channel: OneADayTech

Please PM me with anything you have and let me know whether or not you can take on this DOX. All I need is an accurate legal name, but an address is even better.

Can I get a detrace? Or footprint analysis.
