I saw OP i join me, i don't like him much but i asked him that why are you copying codes, he told me he will take the codes and make them his own.

WTF, this is not your crypter how can you release this without administrator permission.

Minimal. - March 22, 2015, 12:26 pm

That's probably the first crypter coming from someone on Shit-Point that is utilizing CodeDom Imao
