Thread: [Good shit, Good shit](#)

Kubaa - March 22, 2015, 3:02 pm

Just wanted to give a little feedback to the beloved ominiscient.

Being here for about 4 years and seeing how Omni still manages to keep the user expirence on this site almost the same way as it was 4 years ago is pretty amazing (simple, organized etc), HackForums has been consistent overall and looks like it will be here for a very long time and the small improvements that Omni does just makes HackForums that much better.

Yes, I don't have lots of time spent online but that's because I log on and lurk and look at the news section etc.

No I'm not sucking Omnis dick because I don't want anything from these forums except the ability to browse, which I already have.

Change the title. All shit is nasty, there's no such thing as a good shit.

Then I read on to read about Omni's dick...

Ok its my feedback thread

I just want to make Omni warm and fuzzy inside and give him a little smirk after reading my thread.

Is that not allowed?

Ah yes, yes.

The day when Omni removed my uber and perm denied me was the day my local super store ran out of tissues.

I feel as if Op is trying to get this.

OP clearly stated

"No I'm not sucking Omnis dick because I don't want anything from these forums"
