Thread: [\[BHCPU\] File Analysis Service](#)

-Hyperion - March 24, 2015, 7:18 am

Hey guys it's -Hyperion ?

I am currently a technician for a fortune 500 company and running my own pentesting business. As well as leader of the Brotherhood Computing Sector, also known as BHCPU.

For awhile now, 6+ months or so, BHCPU has had a special project in mind. Something that would give back to the community and help to make it a safer place. Aura and I along with the other members of the team had worked on an early version of this project but it was not ready for launch. Now after a ton of hard work we are ready to take this service live, we are hosting our own upload service so no other members can get infected from links and to allow a wider range of sample types to be submitted.

First I would like to introduce you to the team member who are each experts in analyzing malware:

[Arrhythmia](#)

[Indebitus](#) (also did the website)

[Escrow](#)

[Yani](#)

[Pillows](#)

and of course myself.

We have each made contributions to this community over the years and found many infected files/products for people on here, the most recent being the infected plugin as discovered by Arr and Yani.

The way this file analysis service works is very simple, just post here or PM one of us then simply click [HERE](#) to upload your file. It has to be under 100 mb and any type can be uploaded to it. You also have to enter your profile or a unique identifier that will be given to you by one of the members. Then all you have to do is wait, and within 24 hours an all clear or a full easy to understand report will be PM'd to you.

That is all for now and I hope that you find this service of great use to the community ?

CyanogenMod - March 24, 2015, 3:57 pm

Holy hell, way to go guys!!!! Very impressed :O!

Powder - March 25, 2015, 3:31 pm

I uploaded a file. I hope you will test it soon!

-Hyperion - March 25, 2015, 3:57 pm

Heavily infected with a backdoor. Do not run that file at all.

Case closed the user was clean and not infected

Ammar_HF - March 28, 2015, 12:22 pm

@-Hyperion told me to upload the suspicious file here

I hope your project becomes universal and successful ?

Yoshikage Kira - March 28, 2015, 12:23 pm

Bookmarked, i'll probably use it later.

DYC3 - March 28, 2015, 8:10 pm

Uploaded a file, would love a response as fast as possible, thanks. :)

Diogene - March 29, 2015, 9:34 am

Alright, just uploaded a file, this is neat stuff lol

-Hyperion - March 29, 2015, 11:54 am

2 more of you have now been answered

Hash G. - March 29, 2015, 11:56 am

Woaw... I'm really impressed that some members take their time to do that. Good luck with your project, and I respect you a lot for this !

-Hyperion - March 29, 2015, 5:33 pm

All submitted files have been analyzed (that had a user id) and results have been pm'd to you

Knautschtabak - April 1, 2015, 11:31 am

Hi Hyperion. Is there any way I can join you and help to analyze files?

-Hyperion - April 1, 2015, 12:54 pm

pm me your list off qualifications and what exp you have.

Saberrr - April 1, 2015, 12:57 pm

I hope this comes on nicely for you, Hyperion, and all those at BHCPU. I love the idea and you guys sure do know what you're talking about! Good luck with this, it's a great fundamental part of the hacking community! Keep up the good work guys :)

-Hyperion - April 6, 2015, 2:33 pm

All files are currently done and we are open for business

Diogene - April 25, 2015, 3:58 pm

This service is great, I uploaded a file, hope this service is still underway.

Susta1nz - May 4, 2015, 8:46 am

I am going to upload a file now. I hope I'm doing this right

Powder - *January 17, 2016, 9:50 pm*

I hope this is still actual. PMed you, waiting for response.
