Can you send me this? I dont think I can pm yet

banivy - April 9, 2015, 7:39 pm

I'll just want to add some feedback and i quote from the document:

"DO NOT USE IT FOR Youtube, Twitch or CPA this will get you banned and not count most of the time."

And indeed it will get you banned, you may find a loop-hole there and not get banned but you'll need to invest in Premium Proxies but only for the channel views and not the stream viewers.

Pa1N - May 8, 2015, 1:07 pm

I got the download link really quick. The method is more for other kind of sites and less for twitch... except you want a twitch user banned.

Anyway thanks for the method. It will be helpful for other kind of stuff. Have a nice day.
