HOW TO REMOVE ANNOYING WATERMARK FROM ICONFINDER PICTURES.

Hello guys, I'm not sure if this has already been posted, but I think it will help a lot of people (especially designers). I will make it as simple as possible so everyone can understand how to do it.

STEP 1. // Finding an icon.

I guess no more tutorials will be coming soon...

When it says delete around the object wouldn't that just be the easy thing to do is erase the lines?
or am I not getting what is meant?
