Synopsis: Continuation of the Nisekoi series, which goes as follows:

Spoiler [\(Click to View\)](#)

Raku Ichijou is an average high school student. He also happens to be the sole heir to the head of a Yakuza Family called the Shuei-gumi. Ten years ago, Raku made a promise... a secret promise with a girl he met. They promised one another that they will "get married when they reunite." Since then, Raku never let go of the pendant the girl gave him. Then one day, a beautiful girl named Chitoge Kirisaki transfers into Raku's class. Their chemistry was more than off. There was not a moment where they were not fighting. But by a weird turn of events, Raku and Chitoge agree to become fake lovers. Although his heart is really interested in his classmate Kosaki Onodera, Raku must continue pretending to be Chitoge's boyfriend.

I've been waiting for this to start airing to finish the first season. Looks like i'll be finishing the first one pretty soon.

VYKTOR - April 3, 2015, 2:53 am

Anyone who doesn't think CHitoge is the best girl is definitely dreaming.

Team Onodera & Team Marika need to realise that CHitoge was the first girl & the only blonde.

She's the best.

If it's like any other anime, episode zero is usually just a recap of s1.

I'm so hyped for the new episode which is gonna air out today.

I honestly can't stand watching the anime. For some reason the manga seems far better even though i know they follow the same story line.

Onodera chapters/episodes are the best & cutest ones though. Well, besides the insane blushing and zero character progression.

I gave up on this shit, I enjoyed the first season cause it was funny and stuff but now it's just what the fuck, someone hit me up if they actually contribute to the plot please or start staying relevant to what is supposed to be the story, thank you. I'll most likely put it on hold now and watch it when it's done.

There was barely any progress over season 1 too. Episode 4 of S2 gave a shot at progressing the story, but its just keeping me more on edge at what will happen next. I'm loving it so far.

I've heard a lot of bad about the manga, so I'll believe it. I stopped watching at episode 5 of S2 since I just felt like I was forcing myself to watch it and not actually having fun.

damn i took long to type that
