Thread: [OP.Crypting Service - Free crypting service !](#)

S1XER - April 3, 2015, 12:12 pm

Hello i offer crypt your server, it's totally free! I just want to return use PPC url for download just that!! I dont botkill's etc...

Features :

- Startup (local file, name, hidden file/folder)
- Injection (many process name, default browser)
- .NET Support
- Bypass proactives (avast, avira, etc...) Warning server with bypass is suspended during 1 minute !
- UPX/ASPack compatible !
- Bypass registry defense

TESTED AND WORK WITH :

- Darkcomet

TESTED AND DOESNT WORK WITH :

- Nanocore

More info? Skype !

If u want crypt your server add me skype : op.cryptingservice

surely it is agreat services for those who cannot crypt there own servers thanks bro

Eru Chitanda - April 4, 2015, 4:47 am

Make sure your not breaking T.O.S of the crypter saying "Crypting service is not allowed" anyways thanks for this to those anyone who can't afford crypters
