It looks really nice and clean, nice colours, good design overall, keep it up! 9/10

It looks great, although I believe the picture of the servers in the background are too... edited? The color scheme is great and it really does go well together. I would rate it a 7/10 for its simple design and great color scheme

Its nice man keep up with good work

Regulus - April 4, 2015, 8:57 am

Looks so sick man. 10/10 for sure, great job hehe. :)

samysa - April 4, 2015, 10:12 am

looks very good....nice colors and looks clean ;) 10/10 well done ;)

Looks like a good job! One thing i would improve are the pricing packages. I think their colour looks somewhat boring, with all of them being the same.

Otherwise it is a great job with the design.

You should work in the fonts, but that's really all.

J. Lewis - April 5, 2015, 1:50 pm

I would just get rid of drop shadow on logo and that line below it, other than that, nice job. :)

Shxtdown - April 5, 2015, 2:28 pm

Not bad at all, I would recommend removing the drop shadow from the chemistry icon though.

NOM NOM NOM soooo good <3 No but really man looks great but maybe as zetza says work a little more on the font :)

Lackin - April 7, 2015, 3:13 pm

I would rate it a 10/10. It has a nice effect to it, and I really enjoy it.

dgerssen - April 7, 2015, 3:27 pm

Looks nice, but you should use a better quality picture in the "why choose acid" part.

JakeX - April 7, 2015, 3:54 pm

Nice work. The colors blend together quite well and it is very clean looking. Not a fan of the fonts on the pricing page though.
