Thread: [Bukkit/Spigot Plugin Coding Timelapse](#)

ThePharmacist - April 5, 2015, 11:06 am

[Video: <https://www.youtube.com/watch?v=QjS-o-yPiMQ>]

Meh, made a timelapse of some programming I did last night.

Most of the code wasn't planned beforehand, so there's still some cleaning up to do and extra features to add to the system, but I'm pleased with what I got done. Totaled to about ~1000 lines of code written (not all of that is in the video IIRC).

anderently - April 5, 2015, 3:47 pm

what's the plugin? I'm too lazy to watch the vid lol

thevoltexking - April 6, 2015, 7:30 am

PM me, I have an offer for you, its all about coding. You will obvioulsy get paid.

A multiplayer SkyBlock plugin. Been informed that there aren't any good ones, so creating my own.
