HitCrew is a Minecraft Hacking/Griefing group who looks for GREAT Hackers/Griefers. ?

Be respectful to others and be nice to others! ?

We need:

3 RATers

4 Coders

4 Griefers

Want to join? Here's my skype!

Maybe becouse they will infect the owner of one server and get her password.

MustiRSKid - April 6, 2015, 10:00 am

Yeah to infect staffs/owners to get their password.

That's what we've got social engineering for.

Best regards,

Senpai ?

Are there already other members in your crew?

Impulses - April 7, 2015, 11:23 am

I'm extremely interested. Can I please join the Association of Autistic Individuals, also?
