Thread: [\[\\$20 AUTOBUY\] eBay Resolution Center Handbook | Hidden Tips | Highly Detailed |](#)

Jordana Brewster - April 6, 2015, 3:43 pm

Unique eBook in the marketplace. No bullshit. No false promises. This eBook is perfect for legit and less than legit eBay sellers (especially if you use existing methods). Highly detailed and highly explained. Win more cases with this eBook

Spoiler ([Click to View](#))

What is this eBook about?

Unlike many other eBooks on the marketplace, this is NOT a money making method. This is an ultimate guide to securing eBay resolution cases made against you, full of perfected methods, examples, rules and more.

Can this eBook be used worldwide?

Yes, the methods in the eBook are valid all over eBay!

Why does paying by PayPal increase the cost of the eBook by \$5?

To encourage more people to pay using Bitcoins as it is a far easier payment method for me.

'OverSight - April 7, 2015, 4:10 am

I've known Brewster for an extremely long time. His products are always high quality and I have never regretted anything that I have gotten from him.

Great and nice guy!

Zivex - April 7, 2015, 6:09 am

Is it possible I could get a vouch copy please? I use eBay quite often.

Payne - April 7, 2015, 6:11 am

Is there any vouch copies left? I would like to take a look at this cause I also can list more than 100 items soon, that would be gr8ful !

Telstra - April 7, 2015, 6:14 am

Looks like a really great guide.

May be interested in taking a look in the future.

Jordana Brewster - April 7, 2015, 12:19 pm

All vouch copies have been sent, awaiting reviews :)

Zivex - April 8, 2015, 4:48 am

I have received a vouch copy from Jordana Brewster and this eBook is definitely worth \$20. Each method is very detailed but very simple to understand. This eBook is noob friendly, so you don't need to worry about not being to understand it. The eBook is very neatly designed and written. The grammar and punctuation in this eBook are pretty good (1 or 2 errors). If you use eBay a lot then you should definitely buy this eBook as you can save tons of money by using these methods.

Good luck with sales buddy, definitely deserve sales!
