Thread: [Durarara or Gintama?](#)

Chad ThunderCock - April 7, 2015, 1:19 pm

Currently reading TG: RE, Bleach, Berserk and gonna read The Gamer next but I'm done with animes, was rewatching bleach but finished soul society arc (~60 episodes) and it's the best arc, might just continue it if I feel like it. Durarara seems funny but not sure if it's my type of anime

Pretty different shows entirely, I mean they're not even in the same genre. Durarara would be my vote though, Gintama just takes a bit too long to get into (at least it did for me).

Gintama all the way, currently watching episode 53 myself :p

Durarara! I tell you.

Gintama is too long & Durarara! gets really interesting as the story progresses.

Trust me on this one & watch DRRR!

i would go with gintama even though it is pretty long it is on the level of HxH

I haven't watched any of those animes, but I would start with Durarara because I have watched some videos and it looks fun. Also it's getting a second season.

Yeah, the first part of second season ended last week.

The second part of Durarara X2 will come in Summer.

If you're having trouble deciding, why not read/watch both OP?

Thebobsz955 - April 8, 2015, 4:37 pm

Durarara for me. It seems to have a stronger story within it and is more serious. I also like the gang theme ;)

Duyere - April 8, 2015, 5:41 pm

I'd say watch them both, but start with Durarara first. Gintama is a little out there and takes too long to get into imo.

imnotacheater1 - April 8, 2015, 7:52 pm

I've only seen a few of both but I prefer durarara

Eru Chitanda - April 9, 2015, 2:48 am

Durara first and watch Gintama aswell op

I really hate when two things are comparing.

If you want to compare it, compare it yourself, watch both anime and decide which is better.

Peace. ^_^V
