Spoiler [\(Click to View\)](#)

Yea it's just \$10 but I work for what I have. I don't care if it was \$2 scam is scam.

User says he needed only 24 hours to complete my "order". It's day two and nothing. When I tried contacting him on skype asking about my order he says I have to wait until 19:34 (7:34PM) Which was exactly 24 hours. Complete BS.

He offered a refund but tried to bribe me with a "freebie" I denide and requested the refund. He, then tells me he can't refund me because he'll lose money (which has nothing to do with me) and makes all these excuses about some BS. I gave him more time, he then talks about hisself falling asleep and going to eat all while not fulfilling his obligation to service me after being paid.

He had no problem taking my money so why am I having problems getting what I paid for.

Gimmie my money?

We had a brief exchange of words on his sales thread but still I haveno refund.

He clearly said that he's closing his sales thread because it was too much work but then goes on to say sales are still open.

All facts no BS.

Skype conversation shows it all.

Continues to deny refund. And now chooses to ignore me.

I doubt it.

You need to open a report as well. The community deserves to know.

Capri-Sun - April 8, 2015, 1:32 pm

User needs to wait for his order to be complete due to the accusations that im scamming him, due to the fact that my other orders are on hold while this one is complete.

He can wait as so do i for a reply which has been delayed which involves his order, around 60% of his money was put into the actual order. Therefore Im not refunding it but going to prove im legitimate by finshin it.

Thanks.

?ord Frieza - April 8, 2015, 1:38 pm

He has denied giving my refund after saying he would refund me.

working to prove the opposite, just so this issue wont show again ?

?ord Frieza - April 8, 2015, 1:41 pm

At 8:05 PM you see he offers me the refund. I accept, then he makes an excuse.

I have more screenshots of him denying my refund.

Capri-Sun - April 8, 2015, 1:45 pm

thats an excuse? thats a fact that im working on your order for christ sake.

you arguing like this wont get you \$10 back, im proving you wrong and as well as that making my other orders delayed because i dont like being acused.

You're delaying yourself, give me my refund and its over. Simple.

Mr.Peanut - April 8, 2015, 7:19 pm

Legit Scam Report + I've dealt with Freeza many times before and he's a trustworthy guy. It's sad someone would scam for \$10.

?ord Frieza - April 8, 2015, 9:41 pm

He has now decided to ignore me on skype as well as on HF.

Definitely was scammed.

I was willing to go first and did so. He promised 24 hours, I gave him more time. He said he didnt care if I took the refund, I agreed then he denies me the refund.

All of this can be read in the skype convo in the OP.

I just figured out he might be SE'ing microsoft for these accounts/games.

Capri-Sun - April 9, 2015, 11:08 am

You charged back on my PayPal, therefore I'm having to shift the account after finally finishing it to get the funds to put back onto my account to refund you through.

Nothing but accusations, and I proved you wrong. Thanks for having faith.

Now if you dont mind Im'a carry on wiht my other orders b4 i get more scam reports open.

But he has multiple open reports atm.

Me too I think, though it was an "offsite" transaction because I don't have enough posts to send him a pm, so dealt with it all from skype. Sent him \$20. Same thing, running late so offered me a free game. I said ok, now nothing, Ignoring me on Skype :(

Why do you keep changing your name? and BL OP, Pretty low for to get scammed for \$10

I'm attempting to open services to refund users who I've left down through my services backfiring on me. But doesn't help with my background on previous username, sounds sketchy as fk but whatever.

And It was intentionally, I had everything sorted and going fine till last minute a request was declined.

Before you say why didnt you refund him, it was because of the fact I invested into the order to get it complete which I had been waiting for a reply on most of this time either way.
