Thread: [Behind the mask - Snorlax](#)

Bibl - April 9, 2015, 1:36 pm

Hello guys. This is 'Snorlax making my last and final statement to the community I love so much.

I was banned like 20 days ago by Omniscient. The ban message states that I wanted to leave, so Omni just banned me to help me quit. All this happened, I guess, after I posted a thread in the HF News subforum. In the thread, I wrote I would leave the group and I hoped everyone else would, as Sir got banned and it would probably be shit. After that had been posted, I got my account closed for a few seconds, then Omni changed it to a 30 days ban instead, so I could see exactly WHY I was banned. As I said, it states I wanted to leave HF, so he did me a favor of banning me.

Now think about this. Does that mean I wanted to quit Hack Forums? A site I've donated a lot of money to and dedicated months of hard work into? Just like that? No. Absolutely not. That's stupid.

I wanted to leave HF back in the summer, because I got my reputation reset and treated like shit. However, Omniscient apologised in a thread, and it seemed to be all good. Except it wasn't, but that's not what this is about.

What this is about, is the fact Omniscient banned me because I allegedly wanted to leave the forum. Did I ever state I was going to leave? No. Not once. Ever since that, all I hear about my ban is that I wanted to quit. Good fucking job, Omni. You really did make people think I wanted to quit on my own.

However. I am extremely happy, because someone finally had the balls to ban me from the forum. I didn't myself, as I was kind of addicted. I mean who wouldn't be after spending 6+ years on a forum? Being active almost all day long.

With that said, I felt like I wanted to create one last thread about myself. I did not quit Hack Forums intentionally, like my ban message states. I hope that's clear now, because I literally get messages every day asking why I wanted to quit, so this is the answer to that.

Shoutout to Debug. Keep it up and run it the way I wanted. Do that and you will have a successful group, but you guys already know that (seeing that I speak with you all daily on Skype).

To any moderator who reads this, please keep the thread up. Ban me for ban evading or whatever, but please keep it up.

Ayxi - April 9, 2015, 1:43 pm

Sucks to see you leaving, brother.

Why didn't you just wait out the ban and then proclaim that you didn't want to be banned?

I have a feeling I am getting closed.

1. I was closed then changed to ban.
2. I can use the contact form.
3. Most closures I have seen, start with a 30 days ban.

I have nothing bad to say about anyone, as you help make an unique experience here.

Funny if you would too get banned for the same reason as him

Aschfahl - April 9, 2015, 1:45 pm

Shit I should have made a thread saying it was all a conspiracy when I had my account closed.

Kids - April 9, 2015, 1:49 pm

Oh well, that's a cool and very trustable member we lost right there.

Fudster - April 9, 2015, 1:50 pm

You did not even create your temp account correctly..Its supposed to be UID_temp.

Any other format and you can be considered a muti

Panik has an obligatory job to ensure no one thinks their e-peen is bigger than his. Seeing as HF is the place where everyone with an e-peen goes, he sticks around just so he can prove his is and always will be the biggest.

B?ue - April 9, 2015, 1:52 pm

Sad to see you go, I saw you around a lot and it would have been cool to get to know you.

Cya, Good luck in your future! :)

??????M1kep?????? - April 9, 2015, 1:53 pm

Don't think I interacted with you very much, but it's still sad to see yet another "big" member gone :/
Hopefully your life is and/or becomes plentiful!

Aceman - April 9, 2015, 2:34 pm

You behaved as if you wanted to be gone and you were spamming things about bring Sir back. You were egging on drama and stating that you didn't care about HF anymore. All signs pointed to you wanting to leave, including your recent activity.

While there may have been reasons which drove you to behave that way, your past with Omni and the way he treated you, it was unnecessary to go out the way you did. Never the less, I wish you had stuck around as you were a valued member of the community and one of our strongest and most prevalent voices. Probably the reason why you were banned and others were not.

J. Lewis - April 9, 2015, 2:37 pm

You was a nice member, I remember you back in the time when you was selling LoL referrals. Community will miss you, but as Aceman said, you should have not caused unnecessary drama.

Hexicidal - April 9, 2015, 2:39 pm

It's all unnecessary drama, and I don't know why you continue to stir the pot.

If you want to come back, why not do it the right way and apologize? Why not say you were wrong for what happened? There is a right way to go about something, and then a wrong way. What does attempting to save face get you? Banned again for multi accounting?

From my perspective, it seemed that you were more than willing to go out, but it seems that you're holding judgement against Omni because it wasn't on your own terms. Sorry.

Here's a quote from Snorlax

Quote:The whole point of this thread was to show everyone I didn't leave intentionally. I was forced to quit. If I wanted to come back, I would've "apologized", even though I did nothing wrong but state what's on my mind, which isn't against the rules. This, once again, show how power hungry someone can be, really.

That doesn't make sense.

Quote:The whole point of this thread was to show everyone I didn't leave intentionally.

Certainly acted like we wanted to leave.

Quote:I was forced to quit.

Sometimes people don't know when it's over.

Quote:If I wanted to come back, I would've "apologized", even though I did nothing wrong but state what's on my mind, which isn't against the rules.

Doesn't make sense as here we are with a thread attempting to justify and save face.

Quote:This, once again, show how power hungry someone can be, really.

I have been on many forums, and back in the day Bungie had the best quote regarding statements like this.

"You have no rights, so play nice."

Ethereal - April 9, 2015, 3:14 pm

Why hasn't a Staff member closed this yet? The people who were directly affected his actions know the truth about the situation and it doesn't affect anyone else. No meaningful discussion is going to be had here.

Gary - April 9, 2015, 3:19 pm

I'm going to miss you 'Snorlax. Someone hit me up with his Skype username :c

Secret Agent Minion - April 9, 2015, 3:21 pm

Jesus man just let it go, everyone has moved on and believe it or not HF continues on just the same without you.
