Thread: [HUGE VCW & Cam Package | Collection | 3.31GB](#)

Infernumi - April 9, 2015, 1:47 pm

DISCLAIMER: I am not responsible for anything that happens with the use of this package nor am I responsible for any of the content included. I am only providing the access to it. I did NOT make this. All the credits goes to the respectful owners.

Hello again dear E-Whores!?

Today I am giving away this collection of VCW's and different webcam decoy stuff, that I am sure will be able to help you fool a bunch of guys and blokes out there.

There is about 30 different VCW's, both guys and girls, 1 webcam package and 1 package with some useful audio. I have been using some of these myself, and I think they work very well. :)

A member mentioned in another thread that my disclaimer makes it look like that there is underage girl inside these packages. I want to make it clear that there IS NOT underage girls in these packages. The only reason as to why I am including the disclaimer is to make people understand that this is not my original work. I did not farm/catch/make the contents of these packages. The content are from other distributed packages around the web, but I myself, would love to have bigger packages like this, so that is why I am collecting whatever I find into bigger packages, and then releasing them as one. That is why I have the disclaimer. I hope you guys will understand and I hope some of you like bigger packages just like I do! :)

Thank you so much!!

I haven't seen too many packages like this, and personally I got very tired of the 100mb packages all over the web, so I thought I would make these instead like I mention in the OP. :)

I hope it will come to use for people.

Zbiniew - April 9, 2015, 2:01 pm

I got it from different packages I have been collection for quite a while. Personally I like bigger packages, because it's easier than to download 200x100mb packs, if you get what I mean. :)

That's why I am stating that it's not my original work. I just made it into a huge packaged collection for people like me who likes bigger packages. :)

I was not aware that these were some VCW's that other people were selling. I was contacted by him and I have taken the package down until he see's whats inside. I'll obviously not put it back up if it is confirmed that it's his VCW's. Sorry for the inconvenience. As I said, I was unaware.

Will update OP.
