Thread: [Scammed \\$250 by PsychicType uid=2641948](#)

Insult - April 11, 2015, 8:49 am

Hey guys. Yesterday I sold PsychicType the instagram Wreck for \$250 paypal. Everything seemed all good, as he sent the money, including my note first, and then I gave him the account info and he got in and swapped the user to his personal IG. Then 3 hours later he reversed the payment. LUCKILY I called PayPal this morning and since my account is in such good standings I was able to reclaim the \$250, but still, he tried to screw me over easily, and don't let this happen to you!

Our convo in pms (proof he got it):

Rep from him (proof he got it):

You should include his profile link in the thread. (Including his UID, so whoever searches for his UID will find this thread)

Other than that, looks like a legit scam report.

Sad to see HF is overfilled with a bunch of scammers.

I got scammed by the same user last week. He was probably using my money to.
