I love Hackforums and could never leave it.
Omni, you made the best forum on the internet.

eightz - April 11, 2015, 1:49 pm

I was expecting you to be a 48 year old man.

Gustav - April 11, 2015, 1:49 pm

Copying Hecicidal how original, let's give you speaker of the house.

Orchid - April 11, 2015, 1:56 pm

I wouldn't say copying, he more so inspired me to make this.

I wasn't going to text because I can't be arsed and wasn't going to do video because my phone is dead and I can't record with my desktop.

Shxtdown - April 11, 2015, 1:58 pm

SRPP - I don't think you're right in saying you're the most active kid in that section, you have 33 posts, lol.

Still, cool feedback.

He couldn't have been 11, that's for sure. He said that he was 12 and got banned right after for literally 2 years. He's getting unbanned this year.

"Hello everybody, my name is Orchid and I'm going to be doing a feedback thread with just my voice. I am going to be talking about things I do like and the things I do not like, along with the groups and sections on Hack Forums I like and other miscellaneous things. So let's get started. My favorite sections would have to be anywhere in the Market Place that involve actual game items, virtual accounts, and currency exchange. That's what I do in my spare time to actually use it and utilize it. But I don't enjoy using it actually because of the time I got scammed for 900 dollars."
