Thread: [Duel install Kik on android \(2 Kik apps on one phone\) *No Root*](#)

Flaming Hot Cheetos - April 11, 2015, 11:25 pm

So I have my original kik, and then I got a kik to e-whore. But I don't like logging in and out back and forth so this is how you can have 2 kik apps one one phone

1. Pm me for the download link for the .apk
2. Download and install the .apk
3. Login with your account you use to e-whore

Now you have your regular kik and also the second kik for e-whoring, I hope this was helpful because it was for me.

BEFORE ANYONE ASK: The modded duel install kik is 7.50.0.121 so yes, the apk supports Fake Camera!!

2. On a file explorer on your phone go to where to put the apk
3. Click on it and install it (:
