Hi Victini,

Firstly I'm definitely interested in a vouch copy if they're still going.

Secondly to any and all members I strongly urge you to buy one of these accounts.

\$2 for all you can eat music is unbelievable especially considering this same service is offered on ebay for like £10

Skar3 - April 12, 2015, 2:20 am

Hi, can i use my own username and password?

BLCKBRD - April 12, 2015, 2:22 am

If this gets more vouches I might have to hit you up on the opportunity!
Most of the people who claim their accounts last a long time are Bull\$hit!ng.
So its hard to believe.

You should make a autobuy with accounts already created. I think you would get a lot of sales.

Firstly I would like to say I am in no way associated with the service nor do I endorse it.

I completely agree I'm sure he does use this method that is widely available but the fact is I think you're more paying \$2 so that he sets it up for you instead of you having to do it. I'm sure many people are happy to go through the process themselves but I know there are just as many people who are more than happy to part with a measly \$2 to have it set up quickly so they don't have to do it themselves.

I don't recommend at all. I paid my money for an upgrade, and when it stopped working a couple weeks later (I was guaranteed 6 months), he claims the method used is patched. Now he asks for another payment for my Spotify upgrade to work again lol. Basically, I need to pay more money to get what I was originally promised when I first paid.

Hey bro! If I may explain myself for why that is. You received a reply from me about 12 hours BEFORE I STARTED THE SALE! At the time I sent you the message, I asked for \$3 because the price was \$3. 12 hours AFTER, i started the \$1 sale. Since you did not pay the \$3, YOU ONLY NEED TO PAY \$1! AND GUESS WHAT! Almost 5 people paid me \$3 when there was a \$1 sale. I REFUNDED THEM ALL \$2! I am not a scammer and I am truly one of the most honorable ppl here so please PM me before you come here to post because how was I supposed to know 12 hours before I pm'd you the payment details that I would be having a sale in 12 hours! In conclusion, I even sent you a message saying you only needed to pay \$1 and not \$3!!! I TAKE CARE OF MY CUSTOMERS AND I AM ONE OF THE MOST LEGIT PEOPLE HERE BRO! even if you didnt realise that there was a \$1 sale, and you paid \$3, I WOULD HAVE REFUNDED YOU \$2!!!

I HAVE REOPENED THIS SERVICE! THE BEST TRUSTED SERVICE EVER!!!

Dup3G00n - May 27, 2015, 12:07 am

I purchased this service about 2 hours ago and OP already upgraded my account! This is great because spotify is usually \$10 a month so \$120 a year and this member can get you a lifetime spotify premium for \$5 one time fee. I recommend getting the warranty so you never lose your premium! For any one who is considering getting premium, it is definitely worth it and should you purchase it from Victini!
