Also, I am posting for the thread design.

On the other hand, why do you have to be so fucking rude. He's giving out a free thread design have some respect and be thankful that he is releasing something free to the HF community, OT: Looks good OP keep up the work. ??

You can't have people post for you to PM them, it is against the rules.

Quote:7. No "Post Here and PM me" threads will be allowed. This includes "Post Here and I'll PM You" or any "Post to PM" threads.
