Wow it looks very clean and nice, in my opinion you should increase the space between sidebar and categories .. :D

And I think you'll work more on the forumdisplay page and also on how thread's looking.

Keep working on it, it's a very nice idea xD

amtekkie - April 19, 2015, 2:57 am

Thanks for the suggestions.

Update: Tabbed Profile page is being added to the theme.
