Well I had a deal setup to sell it for \$70 but the guy hasn't messaged me back send me a message if you still want it.

And if anyone is curious im unable to cashout because I don't have a bank which is why im selling it.

I'd be willing to take as little as 20% per month

Could make my own account and everything.
Just lmk.
To me I'd think you'd like this much more since it's more beneficial in the long run.
