Nice service you got there buddy.
Will help a lot of people !

Young Nino - April 19, 2015, 9:42 am

I personally do not need this service but appreciate it!

This is a great thing to be doing, keep it up!

M E N A C E - April 19, 2015, 9:43 am

Great service dude, hopefully this helps those who have lost a large sum of money.

Melty - April 19, 2015, 9:43 am

Feel free to use this service, and we will check the validity of the evidence, to ensure that we simply aren't going after a target for a different non-related scam issue.

LarryIsHighSon - April 19, 2015, 9:46 am

Great service you have, I'll let you know if I'm interested.

Regards.

Don't defend scammers, ever.

If he genuinely scammed then he has every right to notify as many members as possible for maximum safety. There's nothing wrong with him posting the picture, his post wasn't off topic as it pertains completely to the thread. No need for such passive aggressiveness against a good HF Samaritan trying to make members aware of scammers.

Thanks for the pic, know I'm aware that he's a scammer.

It's for people not liking an e-book they bought, they profited from my e-book and now want their money back.

That doesn't make me a scammer for not giving their money back when they made money from it...

It's not for not liking something, your product doesn't work and you promised every buyer a refund if it wouldn't work.

Sorry for being extremely off-topic but I just don't want people to think this man isn't a scammer.

That doesn't make me a scammer for not giving their money back when they made money from it... Translation: My e-book was a scam and didn't work, everybody else is wrong and I'm right because I'm not admitting that I'm wrong because I don't want to pay the money back. That doesn't make me a scammer because yolo

But on a real note... How do you know if somebody actually made money from your e-book lol? Do you have a RAT on their computer? Ratting other HF members is against the rules.

Who said I was defending scammers? I did not state that above at all, do not start an argument on this thread. Off-topic posts don't help us keep organised at all, this will also be reported as off-topic.

DEFEND SCAMMERS??? Hahaahhahahahahaha

How is a guy with a DOXING service for scammers defending them??

You sir need to go back to your local community college to get somewhat of an education!!!

The Fro - April 19, 2015, 10:04 am

I don't think you'll be any more/less effective at doxing than the people who were scammed but I hope to be proven wrong.

Also everyone posting off-topic should take it to PMs.

There has been a quite high success rate with the methodologies that we apply.

That's not what I said. I said that I believe you would not be more effective at doxing than the people who post here asking for doxes and look forward to being proven wrong.

Awesome. Good luck. That's all I'm saying.

I'd gladly participate in this.

Very generous of you to dedicate time and energy for people you will never meet nor hold any deep interactions with. I wish you the best of luck in your endeavors.

Zayzo - April 19, 2015, 12:45 pm

Answered all PMS. Please keep them coming

53CUR1TY - April 19, 2015, 12:45 pm

Vouch for this service, TBH is here to help.

Mayh3m - April 19, 2015, 6:52 pm

This looks like an extremely cool service, hopefully you can help mitigate the amount of scammers let lose on this forum, I just looked at the deal dispute section and it seems quite active.

Lemin - April 20, 2015, 4:42 pm

This sounds like a great service. Personally I do not need it but i have to say I love the name and hope people are aware of what it is from.

Complexity™ - April 20, 2015, 7:30 pm

I used to have a group called the Black Hand but when we started getting big they started making fun of us making fake twitter accounts with a profile picture of a black kid's hand XD

Zayzo - April 20, 2015, 8:15 pm

All PM's responded too and are we have one in query. Continue to post!

Dubitus™ - April 21, 2015, 2:01 pm

For all The Black Hand representatives and people in general:

Don't discuss any particularity of the scam here. Leave the application and you'll be contacted by us. For the TBH representatives, ignore any particularity, focus on the people who posted the application and don't start an argument. You're here to help, not to look good. Fuck the rest.

Zayzo - April 21, 2015, 2:22 pm

We've done a couple. Insufficient proof of the scam, and we will not help.

Torrus - April 22, 2015, 7:40 pm

Vouch, they have the most thorough dox's and will be able to help any one with any scammer problem.

haydrazs - April 22, 2015, 7:46 pm

Alot of people trying to make this into a negative thing for reasons i dont why, only people with issues about this are simply the scammers.

Zayzo - April 22, 2015, 8:14 pm

We have helped a handful of people. Many have come with insufficient evidence. This service is still continuing!

Can delete this now. As he is apart of The Black Hand and he didn't scam you. Don't make the situation bigger than it needs to be.

Hey, I got an attempted Craigslist scammer. He's a guy posing as a Sgt Fredrickson "(real name possibly John Cox) who's phone number comes out of Laredo TX. I have emails and texts, not sure if I should dump em here, or in a PM or email. (New here).

Repentant - May 12, 2015, 7:53 am

Vouch for this service, zayzo definitely knows what he is doing ! ;blackhat:

Autonomous - May 12, 2015, 7:15 pm

Posting private data is not allowed in here. You should probably fill out the quote in the first post.

Couldn't think of any better doxers than The Black Hand.
