Thread: [Pixelate Areas - Update](#)

Only3 - April 19, 2015, 11:48 am

Odus use it in his screen tool <https://hackforums.net/showthread.php?tid=4785010>
i thought its worth a post so i clean it a bit and add usage

Cut It ?

?

SIM-1456245 - April 19, 2015, 11:56 am

Seems like pretty cool idea. You could clean up your code as usual tho

#Kat - April 19, 2015, 12:59 pm

nice one @OP

the pixelate idea is pretty neat especially when posting screens on hf eliminates the need to draw on paint tacky blobs of blue..

or blur out penis shots .. to him his own lol

Only3 - April 20, 2015, 12:43 pm

cut it to one function for simple use

EagleEye - April 20, 2015, 12:54 pm

best from the best , cool tool, nice only3 nice :)

Only3 - April 20, 2015, 4:46 pm

? last cut doing it with 5 lines

start code <http://csharpHelper.com/blog/2011/01/pixelate-areas-on-an-image-in-c>

nuk - April 20, 2015, 5:36 pm

Only3 at it again with some fine-ass shares! ;) Thanks homie... I love seeing Threads with your name on it ;)
