Thread: [Cash Pyramid - Reviewers needed](#)

?Border?ineExtr(A) - April 20, 2015, 2:31 am

Hello HF,

I just finished my eBook "Cash Pyramid", which describes in detail an innovative and unsaturable way to earn with CPA/CPS and any other way of affiliate marketing.

I am looking for 2-3 trusted users to review this product and post their honest opinion on my sales thread.

Please post here if you're interested, and I will PM you if you fit the criteria.

Why wouldn't you "fir" the criteria?

He's asking for trusted members to give their honest review.

Are you not trusted?

Maybe it's because he doesn't have a high reputation, Ub3r status, isn't really known in the marketplace, etc. Even though he isn't any of those things he's implying that he can carefully review the eBook and give a high quality review based on the methods, grammar, easiness, etc.

I would be willing to write a full detailed honest review for you! Pm me if you are interested ?

Oh god damn, there's that explanation I was looking from him.

Thank you kind sir.

Based on what you are asking i have the personal experience in affiliate marketing to have an understanding of what you need doing, i earn around \$100k a month from doing Facebook marketing. i do not really care if you do not believe me if you want me to review send me a message.

I'd be interested in writing a review for this. If you want, I can PM you a list of reviews I've done in the past which are all in-depth and an honest opinion of the product itself.

Who on Gods earth uses CPS term? You'd give people copies to review yet I can guarantee you none knows what that term is used for nor which term its alternative to.

Dont give out copies at all, they'll leak it/write review that wont help you at all.

If I were Op, I give it to Sonex.

honestly why? I bought CPA Twister when he still sells it and earned a bit, so for sure I know what he is talking about.

I dont do reviews though, if I was OP I wouldnt give out a single one especially not to people who probably have no idea what CPS is.

"Cash Pyramid" Makes your eBook sound very blackhat. I would change the name of it. :P
