I will offer you these two packages, until I'm bored and don't want to take more orders.

Normal Package:

90m cash bank & rank 120

Unlock All Achievements

Unlock All Heist Vehicles

Unlock All Clothing

Unlock All Tattoos

Unlock All Camos

Unlock All LSC

Max Skills

Free Chrome Rims

Clear History

Unlock Special Clothing like Beer Hats, XMAS etc.

Extreme Package:

2b Cash & Rank 500

Unlock All Achievements

Unlock All Heist Vehicles

Unlock All Clothing

Unlock All Tattoos

Unlock All Camos

Unlock All LSC

Max Skills

Free Chrome Rims

Clear History

Unlock Special Clothing like Beer Hats, XMAS etc.

Requirements:

- PlayStation Network Account on PS3, with GTA. That has already done the full tutorial ONLINE.

- UB3R

How to get:

Send me a message, include PlayStation Network Login details (email and password) along with what package you want. Please make sure to make the password to something simple like login123 or make sure your password is easy already. When I do it, i will let you know on HF.. So in case you get logged out from PSN, don't sign me out! check HF for status.

Important:

I do not do custom packages or ranks, these are preset packages. If you want custom, i charge for that.

I'm quiet surprised there are not many who are interested. There are no more ban risks using my service, than paying for it.

I have a friend that may need this, I'll PM you soon.
