Hey, I love making backgrounds/wallpapers and I need to make a larger portfolio (only like 40 right now) so I will make free backgrounds for ANYONE!

If you want one please comment or PM me the general idea of it: Size and what you want on it :)

I will try to get to all of them

Thanks a lot for this giveaway. I'd like have a customized wallpaper.

Size: 1920 x 1080 or 1366 x 768

Idea: There will be quote in the middle of the wallpaper. The quote will be --> If 'Plan A' didn't work, the alphabet has 25 more letters! The page color will be dark. Add an image of a wolf or wolves at the side of the wallpaper like your signature. Add the image in only one side. The left side will be empty. You can add any kind of images but wolf/wolves and money related images will be great.

Thanks again for this giveaway.

Edit: I received your PM. Can't reply because of the post limit.

Edit 2: Received the PM. The wallpaper looks great. The style of the quote is also nice. But the style of "Never quit" doesn't fit with it surroundings and also it's looks kind of unclear. Thanks a lot for this. Can you also send me the wallpaper without any quote?
